## CHURCHILL SAYS BRITAIN CAN CARRY ON NATION'S WAR IN AIR INDEFINITELY

### Naval Official Charges Progress Stops

#### Industry Finds Anglo Trade Best

Admiral Furlong, Chief of Ordnance Points Also at Army Gun Purchases

#### Profit Is Cause

Says Commerce With Britain Not Bound by Limitations

Washington, Aug. 20 (AP)—A high navy official's statement that "progress has stopped" on procurement of ship materials, partly because industry has found business with the British more profitable, was made public today by the Senate appropriations committee.

The statement, by Rear Admiral W. R. Furlong, was contained in testimony on a \$5,008,000,000 defense appropriation. The committee released the testimony subsequent to its approval of the bill yesterday.

The admiral, chief of the navy's bureau of ordnance, was quoted as saying that "I thought possibly this committee would be interested in knowing the facts and that progress has stopped on the procurement of materials that go into ships."

"The navy had no trouble whatever," he continued, "until business picked up and the army, having increased appropriations, began to buy guns without the operation of the Vinson-Trammell act (limiting profits). This and the foreign nations and other government departments' buying without the operation of the Vinson-Trammell act has caused business from the navy to be unattractive."

#### For Other Purposes

Asked whether companies were diverting their capacities to other purposes, Admiral Furlong replied: "They are being used for other purposes. For instance, there's a long list of requests from the British purchasing commission and naturally they will go ahead and do the work that will not bind them by profit limitations."

The admiral said the United States Steel Corporation "is a company that was going to put in about \$4,000,000 in a steel plant where they have had a previous steel plant, and we have to have that steel if we are going to carry out the program."

"Now they are willing to take contracts," he continued, "quite willing to take a contract, but they do not want to spend \$4,000,000 and then be taxed over a long period of years, as long as that mill is there, whereas it ought to be amortized in about five years, because they are just putting it up for the government's special need and for no future business that they can foresee."

His testimony led to talk in the committee of using a "universal" (Continued on Page Nine)

#### Relief Is Taxed

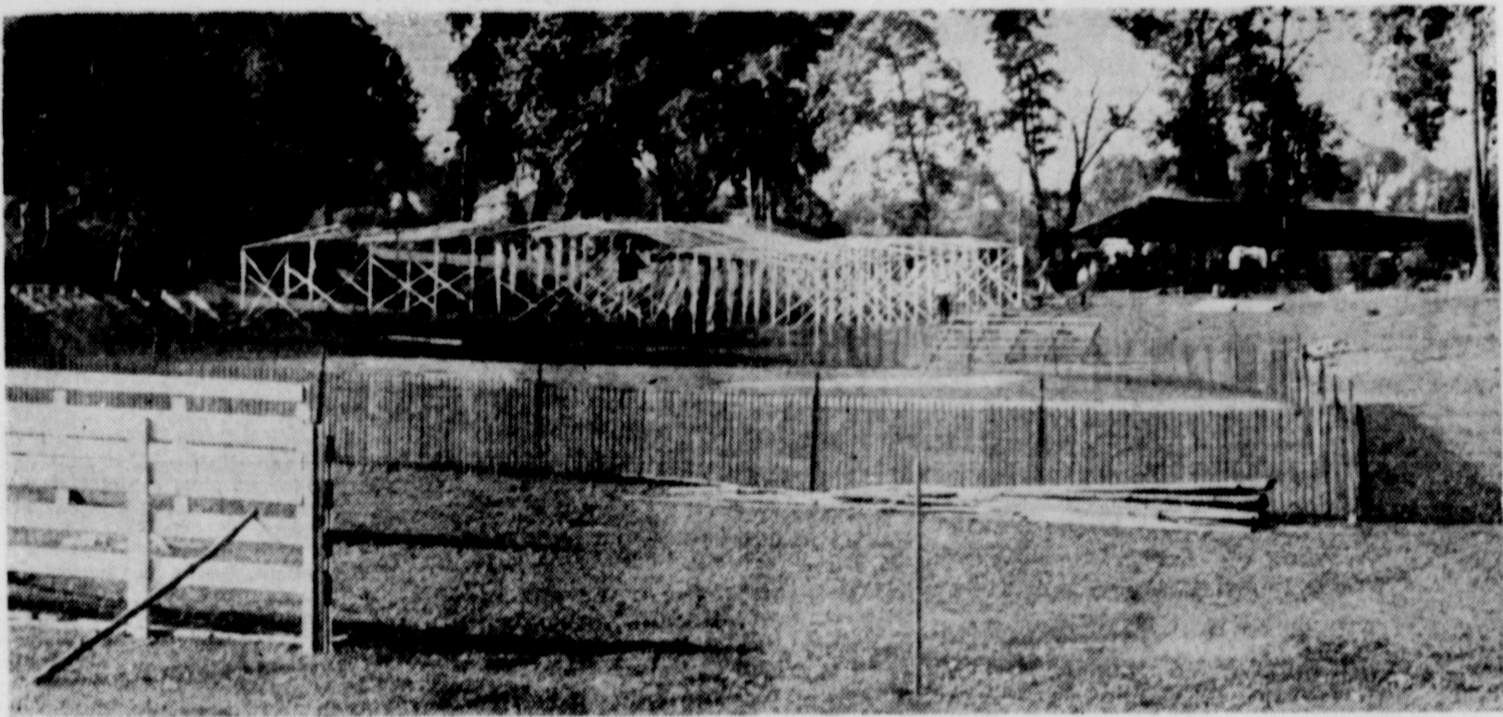

#### Fire in Chungking Leaves 25,000 Homeless After Raid by Japanese

Chungking, Aug. 20 (AP)—Relief agencies were taxed today by the task of caring for 25,000 persons left homeless by a huge fire which swept the center of this provisional capital last night after a Japanese bombing raid estimated to have caused several hundred casualties.

Among the buildings destroyed were the American Methodist Church and a 100-bed French Catholic Hospital. The American Methodist Hospital escaped undamaged.

Lin Yu-Tang, Chinese author of several books which have been direct bomb hits on the air raid shelter in which he took refuge. Later he told a newspaperman: "If they can dish it out, we can take it."

### Forsyth Park Gets Ready for County Fair

Forsyth Park is a busy place today as workmen rush about making final preparations for the annual Ulster County Fair and Farmers' Field Day to be held tomorrow. In the background may be seen the framework of booths which will hold displays by the different Granges and organizations. The fenced area in the center will be the scene of the cattle and horse judging. The white fence in the foreground designates the place where the cattle will be tied prior to judging.

### Ulster to Display Cross-Section of Its Famed Rural Life

This Year's Program Calls for More Exhibits in Grange, Educational, 4-H Departments

Ulster county once again will display a cross-section of the rural life for which it is famous at the annual fair and picnic at Forsyth Park tomorrow.

Virtually all preliminary arrangements are made it was announced this morning and about every region of the county is expected to be represented in this annual crowd which truly reflects the farm and home life of the region.

This year the set-up provides for more exhibits in the Grange and educational departments and two rows of booths over 130 feet long house their show of work. Additional shelter was also provided this year for the fruit department.

The event, officially known as the Ulster County Fair and Farmers' Field Day is a unique institution and one which in the past few years has been deeply enough rooted to become a tradition for many years in the future.

No Admission  
No admission is charged and practically all of the labor is financed almost entirely by entry and exhibitors fees, paid by those who enter exhibits for cash awards.

Hundreds of farm families and many more in the city and various communities look forward each year to the event and these have indicated that the program is one generally to their liking.

It is one which combines the interests of rural life with the carnival and holiday spirit and each year it seemed to have contained just enough of both to make it satisfactory.

The demonstration judging and numerous 4-H Club activities will be features of the fair again. Some of the judging will start promptly at 10 a. m. The judging of cattle and horses will take place in the large show ring.

#### Barnyard Golf

The Ulster county horseshoe pitching champion will also be chosen tomorrow at Forsyth Park. All amateur "barnyard golfers" should report and register at the county fairgrounds by noon. The county champion will receive an all-expense trip to the State Fair to compete in the state championships.

The featured attraction will be "Jumbo." One of the last events on the program in the afternoon will be the bicycle riding contest for boys and girls under 16 years of age. Each boy or girl must have a bicycle to ride in the contest and anyone who has had a 16th birthday cannot compete. Those interested should report at the entrance to the show ring at the conclusion of the cattle judging. The winner (Continued on Page Seven)

### Ickes Says Willkie Demagogic, G.O.P. Is Party of Appeasement

Republican Nominee's Acceptance Is Labeled Ill-Considered, but Willkie Says He Is Amazed That F. D. R. 'Should Authorize Such Speech'

Washington, Aug. 20 (AP)—Secretary Ickes, calling Wendell Willkie's criticism of President Roosevelt's handling of foreign affairs "ill-considered and demagogic," has termed the Republican party "the party of appeasement."

In a radio address described as a reply to the Republican presidential nominee's acceptance speech, the interior secretary last night asserted:

"The Republican party in 1940 contains the equivalent of England's and France's pro-Nazi Munich appeasers of 1938—the men with the black umbrellas."

Ickes said that Willkie was a member of Tammany Hall and indicated that he considered him an admirer of the late Samuel Insull, utilities operator. Both statements were promptly termed "plain and simple falsehoods," by Willkie in a statement at Rushville, Ind., last night.

Says He's Astonished  
Willkie added that he was "astonished that the President of the United States should authorize such a speech."

Willkie wired Chairman Joseph Martin of the Republican national committee to "waste no money in buying radio time to answer Ickes. It is unworthy of answer." (It had been planned to have Senator Bridges (R.-N. H.) make a reply.)

Willkie, Ickes said, had joined Tammany Hall in 1930, "fought" in its ranks and "has not resigned to this day."

Ickes also claimed that Willkie had once praised Insull as a "forceful, dynamic and attractive figure," (Continued on Page Seven)

Rushville, Ind., Aug. 20 (AP)—Viewing Secretary Ickes' reply to his acceptance speech as a presidential refusal to meet him in joint debate, Wendell L. Willkie gave this statement to reporters today:

"Lincoln did not think it was unworthy or undignified to debate, and neither did Daniel Webster."

"I am going to keep on asking for the debate, boys."

The Republican Presidential nominee, who on Saturday challenged President Roosevelt to a series of "face to face" platform arguments, listened by radio last night to Ickes' address accusing him of "unpatriotic demagoguery" and "unpardonable references" to the chief executive.

Hastily calling a secretary, he dictated a statement to Joe Martin, Republican chairman, saying "I am not surprised that Ickes would stoop to such levels, but I am astonished that the President of the United States would authorize such a speech."

"Waste No Money"  
Willkie telegraphed Martin that he should "waste no money in buying radio time to answer Ickes," adding that the speech "is unworthy of answer." He said later Senator H. Styles Bridges of New Hampshire would have "something" (Continued on Page Seven)

### City Will End Dog Quarantine Oct. 15; Ragweed Discussed

Possible Eradication Drive for Hay Fever Victims; Dog Warden Will Be Kept on Job

Rabies and ragweed were the two principal topics discussed at the monthly meeting of the Board of Health Monday evening at the city hall, when Dr. L. E. Sanford, health officer, was instructed to invite representatives of the Boy Scouts, Farm Bureau and 4-H Clubs to meet and discuss a campaign to eradicate ragweed, the health board to offer a prize of \$10 to the group destroying the largest amount of the weed.

It was stated that if no new cases of rabies among dogs develop in the city that the state would undoubtedly lift the present quarantine about October 15 in Kingston, but the board decided that the services of the dog warden would be continued, since the greatest danger exists from stray dogs.

Dr. Sanford in reply to questions said that he believed the danger of rabies breaking out among the dogs in Kingston was over.

The suggestion was made that some kind of a distinctive tag be issued to be worn by local dogs so that the dog warden would have no trouble in identifying stray dogs, but no definite action was taken on the suggestion.

#### Hay Fever Campaign

Mayor C. J. Heiselman, who presided at the meeting, said he had received a request in a communication asking that the board take some action to eradicate ragweed from the city and alleviate the sufferings of hay fever victims. (Continued on Page Seven)

### Nazi Says He Hopes Ship Safe

Government Officials Say They Have Had No Word From U. S. Refugee Ship

#### Won't Speak

Officials Won't Give Opinion on Carrying Anglo Children

Washington, Aug. 20 (AP)—A German embassy spokesman expressed the "hope" today that the U. S. army transport American Legion was now safely through the zone that Germany declared was mine-infested and dangerous.

Navy and other government officials said they had no information from the refugee-crowded ship but on the basis of unofficial calculations, the American Legion was believed to have been in the "danger area" most or all of the night.

Traveling at normal speed and without any stops or delays, it was believed the ship should have passed through the most dangerous waters off the north coast of Scotland during the night and morning.

Dr. Wilhelm Tannenber, first secretary of the German embassy, when asked at a press conference late yesterday if he thought the ship should be in the "danger zone" during the next twelve hours, said he believed it would but expressed no opinion as to how long it would remain in it.

#### Concern Is Aroused

The concern aroused over the homeward trip of the army transport plus the intensified Nazi blockade of the British Isles made it uncertain whether American vessels would be sent to remove British children under a new modification of the neutrality act.

The American Legion, bearing Crown Princess Martha of Norway and other notables among its 897 passengers, was believed to have been steaming through the disputed area off northern Scotland most or all of the night.

Once this comparatively narrow zone has been negotiated, the ship, it is believed, will be out of danger, for the remainder of the (Continued on Page Nine)

### Anti-Nazis Taken Back to Germany

Hundreds Who Flew Into France Will Be Placed in Prison Camps

Chancy, Switzerland, Aug. 20 (AP)—Hundreds of German anti-Nazis who fled their homeland when Adolf Hitler came into power are being rounded up by his agents in conquered France and taken back to Nazi jails, reports from across the border disclosed today.

Armed with long lists of names, Nazi officials were said to be making the rounds of civilian internment camps in the occupied zone in France in a widespread search for fugitive German nationalists.

Neutral observers told of seeing large groups of forlorn prisoners herded into trucks under guard of heavily armed Germans in civilian clothes and being driven off to Germany via the occupied zone.

Many fought for the Republican Army during the Spanish civil war as members of the International Brigade and later sought refuge in France, where they were interned.

Various Nazi extremists of many nationalities taken into custody by the French at the beginning of the war already have been released from internment camps in the occupied zone on orders from Germany, it was added.

### British Bombers Strike at Nazis In Fierce Raids

Prime Minister Says He Must Reject Hoover Proposal for Shipments Of Food Through Blockade; Says Anglo Casualties 92,000

(By The Associated Press)

With R. A. F. bombers carrying the war into Germany in fierce new assaults, Prime Minister Churchill told the House of Commons today that Great Britain will "be able to continue the air struggle indefinitely."

The longer it lasts, he said, "the more rapid will be our approach first towards parity and then towards superiority in the air."

Reluctantly, Churchill said he must reject a proposal by former

President Hoover for the trans-blockade shipment of American food supplies to German-conquered France, Belgium and Holland because it would "only prolong the agony of all Europe."

The British premier simultaneously revealed that Britain's "new production" of airplanes now exceeds that of Nazi Germany.

Calling on the kingdom to prepare for the heralded British offensive "campaigns of 1941 and 1942," Churchill said Britain would maintain its rigid blockade of Germany, Italy, France "and every other country that has fallen into the hands of Germany."

#### Germany to Blame

Famine during any part of Europe in the coming winter, he said, could only result from "German failure to distribute the supplies they command."

Brimming with expressions of confidence in an ultimate British victory, Churchill laughed at the Nazi-proclaimed "starvation blockade" of the island kingdom, declaring:

"I remember the Kaiser doing that in the last war."

At the same time, he appealed to "our friends across the ocean"—the United States—"for reinforcement of the peace flotillas of 1939 and the war flotillas of 1941," apparently referring to the proposed sale of 50 American destroyers to England.

#### Cites Casualties

Strong counter-attacks by British RAF fighters challenged Nazi warplanes attacking over Dover as Churchill told the House of Commons that British war dead, wounded and missing total only 92,000 so far.

In the first year of the World War, by contrast, British casualties were 365,000.

Churchill described the present conflict as "only a continuation of the last... a combat of strategy, science, mechanics and morale," instead of millions of men against masses of steel as in 1914-18.

Now, he said, "we must prepare for the campaign of 1941 and 1942."

German bombs rained within 30 miles of Parliament as the British premier spoke, with DNB, the official Nazi news service, asserting Hitler's raiders had "successfully" attacked airports at Southend and Eastchurch, southeast of London.

Britain's World War prime minister, David Lloyd George, disclosed that he narrowly escaped injury last night when he was in a (Continued on Page Nine)

### Westrick Sails

German Trade Counselor Quits U. S. on Japanese Ship With Family

Wilmington, Calif., Aug. 20 (AP)—Dr. Gerhard A. Westrick, trade counselor to the German Embassy at Washington, sailed for home on the Japanese motorship Nitta Maru yesterday.

With him were Mrs. Westrick, their two sons, Fred Peter and Nicoloss, and his assistant, Baroness Irmgard von Wagenheim.

Dr. Westrick has been the center of much publicity since discovery that he had been living at Scarsdale, N. Y., mansion and had entertained prominent Americans.

Dr. Westrick declined to talk with reporters. From other sources it was learned that he was en route to Germany via Japan and Russia. (Continued on Page Nine)

### New Farm Head

Claude R. Wickard (above) of Indiana, undersecretary of agriculture, has been nominated by President Roosevelt to succeed Henry A. Wallace as secretary of the department. Wallace recently resigned to campaign for the vice presidency on the Democratic ticket.

### Warriors Plunge Into Speed Tests With Mobile Units

Patterson Is Pleased That Men in Training Grasp Idea That Speed Is Big Essential

Ogdensburg, N. Y., Aug. 20 (AP)—Opposing warriors of the first army, sampling blitzkrieg tactics for the first time in northern New York's four-day mock battle, plunged today into a "war of speed" that forced new highly mobile units into leading offensive roles.

Within the first 24 hours both an invading "Black" army and defending "Blue" tasted what military observers termed the combat superiority of motorized troops over foot units.

Dawn of the second day of an imaginary struggle for admittance to industrial and military centers turned the spotlight on a suddenly-revealed mobile force of "Blues" on the extreme southern end of a battle line extending 35 miles from the St. Lawrence river.

The location of this unit, uncovered by Lieut. Gen. Hugh A. Drum, first army commander and "Blue" leader, as a war game "surprise," indicated the probable theatre of action by the main defending force.

#### Offsets Blacks

The unit, organized to offset the "Blacks" advantage in the streamlined first division, caught the invaders unaware at the outset of the war games yesterday by moving swiftly into enemy territory before being stopped.

Before noon, however, the swiftly moving unit was off again leading an assault that carried deep into "Black" territory and disclosed a defense effort to envelop the enemy's left flank.

Returning from a tour of the (Continued on Page Nine)

## Flashes of Life Sketched in Brief

By The Associated Press.

**Fluke Alarm**  
New York—It sounded like a major disaster at LaGuardia Field. From approximately 100 fire alarm boxes came the noise of sirens and bells indicating fires breaking out all over the place. It was a break in the central alarm mechanism.

**The Good Earth**  
Towanda, Pa.—Let Ralph Pickering keep digging on the C. A.

Pratt farm and there's no telling what he'll find.

Several days ago while digging a silo pit he turned up a gold watch lost by Pratt's father 20 years ago. A day later he dug up a watch fob, a souvenir of the 50th anniversary of the battle of Gettysburg.

**Punctual**  
Puyallup, Wash.—Fire Chief Chester Brakefield had 12 minutes to make his 2:30 appointment with the dentist. The alarm rang. He raced to the fire—at the office of Dr. M. R. Thomas, dentist. The small blaze extinguished, the chief looked at his watch, climbed into the chair and said: "Right on the dot, eh Doc?"

**Just a Boy Again**  
Independence, Mo.—Fellow workers told Orval Robinson they'd "wax" the whiskers he had grown for an "old settlers" celebration—and they used rubber cement for the waxing process. The whiskers came off with the cement.

**Unfair Competition**  
Danville, Ill.—Two turkey gobblers, obsessed with "motherly instincts," have been making life miserable for a guinea hen on the Cy Payne poultry farm. Payne said he discovered the male turkeys had evicted the hen from her nest and were taking turns hatching her eggs.

**Luck Plus!**  
Hastings, Neb.—Five-year-old Billy Densford is thanking his lucky stars—he must have a lot of them—that he is alive. He tumbled from the speeding car of his parents onto a paved highway near here and escaped with severe bruises.

### Women to Show Home-Planning

#### County Home Bureaus Will Have Exhibits at Fair

Ithaca, N. Y., Aug. 20—How family planning leads to happy and successful households will be shown in eight exhibits by Home Bureau women at the State Fair in Syracuse, August 25 to September 2.

They will show how to plan meals for health, rooms to develop individual interests, and sewing that produces smartness; how modern furniture may be made from old pieces and how old furniture is refinished; how to clean rugs and upholstery and how to make braided rugs for a room.

Counties selected for the State Fair appearance are Erie, Genesee, Jefferson, Lewis, Onondaga, Steuben, Tompkins and Wayne.

The Erie county Home Bureau shows a home recreation room and how a spare room, whether in attic or cellar, can be transformed into a family play room at small expense.

**Plan the Sewing**  
Genesee county will show how planned sewing produces smartness. Finished cotton dresses and various details in their making will be explained to visitors.

**Entrance to World's Fair**  
New York's Popular  
**HOTEL LINCOLN**  
447 to 451 N. 7th St.

1400 rooms from \$3.  
Each with Private Bath, Service and Radio. Four fine restaurants, acclaimed for superior service and cuisine.

MARTIN KRAMER, President  
JOHN L. HORGAN, Gen. Mgr.

IN THE CENTER OF MID TOWN NEW YORK

Dresses to be worn by women in the booth were selected from 96 dresses displayed at Genesee county-wide achievement day in May.

Lewis county features the re-furnishing of furniture at home, based on the work of members and their husbands who refinished furniture for all rooms in their homes. Furniture on display includes a maple cannon-ball bed, pine blanket chest, crocheted mahogany and butternut chest, and arrangements of both mahogany and maple furniture.

Onondaga county's exhibit on restoring the old furniture into the new modes will show how to remove bumps and curlewks from furniture, as well as how to combine the pieces with other objects to form a pleasing color scheme.

Jefferson county Home Bureau members emphasize foods that build better bones and teeth as well as muscles. Visitors can learn about breakfasts, lunches, and dinners which may be either good or bad.

Steuben county's exhibit is devoted to rugs; how to make and clean them, and how to select rug colors and sizes. The Tompkins county exhibit of braided rugs will show how to use old materials for floor coverings and how to add color and interest in the room.

Wayne county women will show the desirability of a central planning center for the homemaker, in the kitchen or in some other room, where space is provided for articles necessary to the management of a household, such as recipe books and files, bills and receipts, notices, memorandum pads, pencils, and calendars.

## Graph Says Men Of 22 Would Get Greater Army Call

By HOWARD W. BLAKESLEE (Associated Press Science Editor)

New York, Aug. 20.—A graph predicting that 22-year-old men would be the most numerous class called to military service under the pending 21-31 draft bill was issued here today by Prof. Harvey C. Lehman, of Ohio University, Athens, Ohio.

Prof. Lehman, a psychologist, is an expert statistician on ages at which all sorts of human activities are at their peak. His graph is based on what happened in a group of 2,908 men mustered into the U. S. army by draft in the World War.

Their ages ranged up to 44, but more than 1,000 of them were of the ages 22, 23 and 24, with the 22-year-olds leading.

"The data should be of public interest," Dr. Lehman stated. "Young people are very directly concerned. College presidents and their faculties will be interested because many of them are wondering what the effect of conscription act will be upon future enrollment."

In the World War draft figures Dr. Lehman said there was a sharp decline in numbers of men mustered in dropping from the ages of 22 to 32.

Because of unemployment now he said it is likely the younger groups will supply an even greater proportion of service men in a 1940 draft than they did in 1917-1918.

Just call me Bow Wow," advised Wojtkiewicz, who says his name is correctly pronounced Woa-cha-hoe-ich.

He was elected president of the freshman class.

Confronted by the name "Wojtkiewicz" on the ballot during a class election, freshmen voters were temporarily stopped. But not for long.

Mrs. A. D. Wager and Miss Glennie Wager of this village, also Mrs. Harry Gerow of New Paltz, called on Mr. and Mrs. Ransel Wager, Friday afternoon.

Mr. and Mrs. John Thorson entertained visitors at their home Wednesday evening.

Many local people attended the annual supper and game party on the grounds of St. Charles Church at Irelands Corners, Thursday evening.

Mrs. Kate Denton, Mr. and Mrs. Elmore Smith, of Kingston, called at the home of Mr. and Mrs. Lester Wager, Wednesday evening.

George Matheisen of Paterson, N. J., visited his parents, Mr. and Mrs. Christian Matheisen, Thursday.

Miss Mary Donahue has returned home from a visit with her sister, Mrs. Louis Tozzi, of Ohioville.

Mr. and Mrs. Donald Sherbarth, of New Paltz, visited relatives here last week.

Mr. and Mrs. Edward Hartney and daughter Joan, called on Mr. and Mrs. Burton Ward, Wednesday evening.

Mr. and Mrs. Morris Cohn are entertaining guests from New York city.

Mrs. A. D. Wager, Miss Glennie Wager, Mrs. Edward Hartney and daughter, Joan of Modena, Mrs. Harry Gerow, of New Paltz, called on Mrs. Freston Paltridge and daughter, Phyllis, Saturday afternoon.

Elmer Randall, of Highland, was a business caller in this section, Thursday evening.

Tommy Bens entertained at his home Friday afternoon and as supper guests Friday evening the following: Elmer Corwin, Jr., Earl and Gerald DeWitt, Kenneth Paltridge, Lester Wager, Isaiah and Lena Wager.

Scout meetings are held each Thursday evening in the Hasbrouck Memorial Hall. Earl DeWitt, Sr., is the master of the troop.

A tent show, with the Pickering Family as entertainers, was in the lot adjoining the Modena Fire house, Saturday evening. The local fire department shared the benefits derived from the performance.

Edmund Wager and son, Edmund, Jr., of Plattekill, visited their grandparents, Mr. and Mrs. A. D. Wager, Saturday.

Mr. and Mrs. Edward Rinehart and daughter, Anita, of Poughkeepsie, visited Mrs. George Rinehart, during the past week-end.

The Governor's Stake, open to three-year old trotters—the same class of horses eligible for the Hambletonian at Goshen, will be contested on Wednesday, August 28, at the state fair.

## Levy Will Repay Wages to Workers

## Blouse Manufacturer Gives Consent to Injunction

New York, Aug. 19.—(Special)—Max Levy of 29 Park street, Kingston, a contract manufacturer of blouses, with a factory employing 38 men and women at 8 West Union street, Kingston, consented to the filing of an injunction against him in federal court here today whereby he will be bound to adhere in the future to the conditions of the Wage and Hour Law.

The consent injunction followed a complaint filed by Philip B. Fleming, as administrator of the wage and hour division, that the defendant had failed to pay his employees a minimum of 25 cents an hour in the period ending October 24, 1938, and 30 cents an hour minimum for the year ending October 24, 1939. He also failed, according to the complaint, to pay 1½ times the normal rate for hours in excess of 42 hours a week.

Levy agreed to repay his employees who received less than the minimum an amount equivalent to the difference.

## FOREIGN DEBTS

It is just as well to go slow about action on those foreign debts that Secretary Morgenthau was talking about the other day. And the government presumably will do so. There isn't much point to bringing up the subject just now, except for moral or strategic reasons. Most Americans have probably kissed the old war debts good-by in their own minds, if not formally and publicly. Governments that couldn't or wouldn't pay them within 22 years after the last war can hardly be good prospects for payment when the present war is over and Europe largely in ruins.

As for the tangible assets, amounting to \$2,000,000,000 or more, owned by foreign governments and individuals and now held in this country, they might all come under control of our government and be used by it to satisfy foreign indebtedness to our government or people. But such action must be carefully avoided any appearance of being ruthless and arbitrary. The seizure of French assets just now, for instance, might be unjust and unwise. Uncle Sam cannot afford to act like Adolf Hitler.

## GOOD-WILL BY AIR

A group of newspaper men, talking with officials of a broadcasting company, asked what the radio networks were doing about winning the good will of South America. The answer was encouraging.

Last year, it was explained, the radio industry of the United States spent large sums of money on broadcasts for South America. The programs were not propaganda. They consisted in part of factual news on which Latin Americans soon learned they could depend. Along with the news went entertainment of good quality, especially music, but other excellent material as well.

The broadcasters know the programs were liked because there has been a generous response in approving letters to headquarters in this country.

Truth in news and high quality in entertainment are demanded here. It is reasonable to believe that the other Americans of this hemisphere will like us better and come closer to understanding us if we give them similarly excellent programs.

## ELEVEN MEN AT MAIWAND

Those famous 300 Spartans who died long ago at the pass of Thermopylae don't deserve all the credit of the ages for that kind of sacrifice. There is a case of less historic importance, but no less valiant, that happened only 16 years ago in the British army. It was recalled the other day by the commander of an English regiment to remind his men how Britons can fight.

The Sixty-sixth Foot Guards were attacked at Maiwand, in Afghanistan, by an overwhelming force of fanatical tribesmen. There were 600 of the Guards, against thousands. They fought all one burning summer day, and when evening came only eleven men remained. They took up a position in a tiny circle, back to back, and held off the Afghans until their last round of ammunition was gone. Then they charged the enemy and died.

The situation in England today, while desperate, is not so desperate as that. But there is reason to believe that the British nation now would fight in the same way.

## GEOLOGICAL GAS TANKS

It is a big step in the mastery of this earth by man when he brings natural gas from its underground hiding places in Pennsylvania, West Virginia and Texas and pipes it to New York State and stores it far underground there. That is what the Belmont-Quadrangle Corporation is preparing to do, to prolong the life of the Schuylar County gas fields.

The natural storage place extends for hundreds of acres, surrounded by beds of rock and salt that are expected to hold the gas safely for many years. It will be there when wanted, and meanwhile will provide the additional pressure for the gas there now.

If man could only do in the realm of

human nature what he does in the realm of natural science, what a blessed place this earth could be!

## PUBLIC MEALS

Home cooking may soon be abolished in England. It may be done either by substituting "low-cost mass cooking" operated through private restaurants, or the government itself may take over the restaurants and feed the civilians directly, somewhat as it feeds the army and navy.

The purpose would be to conserve food, save fuel and simplify transport problems. A census is being taken to learn the serving facilities of all restaurants and catering firms.

Labor groups are reported as enthusiastic about this proposal, because it would give rich and poor the same food. The rich probably wouldn't like it so well, but so far in this war they have borne confiscatory taxes and other forced impositions gamely. It would be a striking example of war-time democracy. Some might call it socialism.

## WYOMING JUSTICE

Enterprising criminals will do well to keep out of Wyoming. Major crimes don't seem to pay there at all. The record for last year in the district courts shows five convictions for every six persons brought to trial. It means 321 convictions out of 385 cases.

An interesting feature of this record is that guilty pleas were entered by 311 of the defendants. There must be less legal juggling and postponement and less courtroom eloquence in Wyoming than in most of the other states. So when offenders know the prosecutor has a good case against them, and the court is hardboiled, they give up.

European nations seem to think lately that they can live by all grabbing each other's land and minerals, on the old principle of the people who made a living by taking in each other's washing.

Those cat-and-dog fights in the United States Senate educate the public in the art of name-calling, but otherwise don't accomplish much.

Wallis Warfield has done pretty well for herself, but they don't curtsy to her in the Bahamas.

Observing the diminutive size of the Giant Panda, we wonder whether dictators too are not overrated.

## THAT BODY OF YOURS

By James W. Barton, M.D.

### SALT FREE DIET IN DIARRHOEA

While the majority of people are more or less constipated, there is a large number that have a persistent diarrhoea. In some of these cases the emotions cause an irritation of the lower bowel and it is in a continuous state of slight or severe inflammation. In the slight cases there is a little mucous present and it is called mucous colitis (colon is name of the large intestine). In the severe cases it is called ulcerative colitis because the surface lining of intestine is ulcerated.

The treatment for colitis is trying to teach the patient to acquire calmness of spirit and avoid rough foods.

However, there are some cases of diarrhoea not due to emotional disturbances. Dr. H. Salomon, Buenos Aires, in the Swiss Medical Journal states the diet treatment in these cases is avoiding foods containing salt. The following foods low in table salt are: sweetened white bread and cakes, rice, groats prepared with water or a little milk and sugar, eggs in every form, fruits, stewed fruits, nuts, almonds, puddings, tarts, sweets, ice cream, fruit juices.

The reason that salt in the food causes diarrhoea is that salt draws water from the tissues and hence the wastes in the bowel become too liquid.

A pure fruit diet, like the apple, banana, or strawberry cure, also acts firstly because it is free from salt.

The skin, containing a large amount of salt, is the principal place for salt storage. Dr. Salomon advises that table salt should not be given by mouth. This cutting down on foods rich in salt such as crackers, eggs, all corner, pickled or salted foods, is, then, good advice for those with persistent diarrhoea to follow. However, table salt is helpful for normal individuals because the body needs a large amount of water and table salt holds seventy times its weight in water in the tissues.

One other group that should avoid or cut down on table salt and salt foods are those who are overweight. Every pound of excess fat in the body holds 3 1/2 pounds of water so that fat individuals, in addition to this excess water in their fat tissue, can also hold excess water in other tissues if they eat too much salt food.

### Overweight and Underweight

Send for Dr. Barton's helpful booklet entitled "Overweight and Underweight" which includes many helpful suggestions on increasing and decreasing weight, including sample menus and the like. Address your request to The Bell Library, Post Office Box 75, Station O, New York, N. Y., enclosing ten cents to cover cost of handling and mention the Kingston Daily Freeman.

### Twenty and Ten Years Ago

Aug. 20, 1920.—Mrs. Charles O. Livingston died in her home in Flatbush.

George W. Wood was saved from drowning in the Rondout creek at Rosendale by Miss Agnes Joehning, a Brooklyn school teacher.

City Engineer Codwise reported to public works board that it would cost \$20,585 to resurface the Boulevard.

Aug. 20, 1930.—Morris Kaplan elected president at annual meeting of the Uptown Business Men's Association held in McCabe's restaurant on Wall Street.

Eugene C. Bernard of Tompkins Street and Miss Margaret Haver of East Union Street married.

Miss Anita Devo of Ellenville purchased the grocery and tea room located at 101 Wall Street, city, formerly operated by Harold S. Patterson.

Frank Drago of Palenville and Miss Edna Augustine of Manorville married in Saugerties.

It was 4-H Club Day at the Ulster county fair in Ellenville.

### "A Man Named Grant"

By Helen Todd

For the first time in this reader's experience Ulysses S. Grant has been made an interesting and appealing figure in himself, not merely as a successful commander and less successful President. This has been accomplished by Helen Todd in a book called "A Man Named Grant." Its method is comparatively simple and so unorthodox that it probably will bring howls of fright from certain quarters. Miss Todd has made a novel out of the man's career.

This reverses the usual perspective. In Miss Todd's book Grant does not make history, but history makes a man named Grant. Even when Grant is deciding things by his own rule in the campaign against Lee in Virginia one has no sense that the man is acting on his own responsibility. He is a man in a web which is stronger than he, working out a destiny according to rules over which he has no control. This feeling grows even stronger after the War Between the States has ended.

Miss Todd begins her story with the war. Grant is a failure, with the inhibitions laid on men by failure. Yet he feels he can at least command a regiment—after all he is a West Point man and has done good work in Mexico. Good enough, at least. He tries for an appointment, and fails. But fate steps in, and Grant commands not only a regiment, but an army, through an appointment he does not expect or understand.

He still is obsessed with the dismal past, and yet at Donelson, Corinth and Vicksburg he is right and the others are wrong. He is opposed bitterly by men who should prevail, but they do not. The shadow of a man named Lincoln is over Grant's career, and Grant does not expect or understand. And after tearing sacrifices, receives Lee's capitulation. But then Lincoln dies, and the forces behind the fighter from Galena, Ill., change. He becomes President, and a bewildering set of mistakes follows. He leaves office and travels, and his progress around the world is magnificent though it ends too soon. A third nomination fails and again Grant is adrift with debts to pay. The book and Grant's life end with his epic struggle to finish the story of his life against the campaigns of a general he knew he could not defeat, though he won a tactical victory in the end, Cancer.

Miss Todd has imagined much, and omitted much. The omissions are often happy, but it is to be hoped that in succeeding editions she will insert more dates. The reader is lost much of the time.

## CREEK LOCKS

Creek Locks, Aug. 20.—Mrs. J. Perrett called at the home of Mr. and Mrs. Sheeley Friday afternoon.

Miss Redding and friend from Brooklyn were callers at Creek Locks one day last week.

Mrs. H. Melos, who spent a few days in Brooklyn, has returned home again.

Mr. and Mrs. Muller and son of New York were week-end visitors at the home of Mr. and Mrs. J. Machino.

Miss Irene McLaren had a friend from Kingston call on her Sunday.

Miss Dolly Smith, who had spent her vacation at the home of Mr. and Mrs. Hennessey, has returned home.

Mr. and Mrs. Clearwater and family of Kingston called on Mr. and Mrs. A. Mowle Sunday.

Joe Ebers and Mrs. McLaren and family visited Kingston Saturday.

## Washington Daybook

By JACK STINNETT

Washington—I hope I'm not passing along anything that will get me in bad with the accredited flying schools. According to the Civil Aeronautics board, they are doing a good job and making their own contribution to the national defense program.

Several federal employees have solved the I-can't-afford-it problem and are well on their way toward getting pilot licenses.

This may be a tip-off to a lot of folks with the burning desire to take wings, but without the wherewithal.

It's called the Federal Flying Club. It's composed of working folk who don't have the time but do have the inclination to learn all there is about soaring in the blue. Banding together, they bought a light monoplane, hired an accredited C. A. B. instructor and went to work on the pay-as-you-go plan.

These long summer evenings and Saturdays and Sundays, you can see the little plane taking off from the Greenbelt airport, taxiing in again, or hoping across the field as would-be pilots try their take-offs and landings.

Having worked out expense problems to the last penny, from the cost of the plane down to servicing, the members figure they are getting pilot licenses for about one-third of the average cost.

They have the added incentive and inspiration of competitive effort and round-table discussions of experiences and problems.

President of the club is R. Paul Weesner, who is an attorney for the Department of the Interior and a resident of Silver Springs, Mo.

It's not hard to understand why Weesner is president of the group. His enthusiasm for the possibilities of the flying club idea led to a discussion of how well prepared club members will be in war emergencies. The women can step immediately into the ferrying of planes, chauffeuring and carrying and dispatches—work for which the women of Great Britain have been highly praised. And the men, with only a little training in combat flying, will be ready for dogfights and bombing expeditions.

These things are of course, on the war side. The peace possibilities in the club idea are there, according to Weesner. For instance, club members with licenses are working out vacation schedules so they can take the ship for a couple of weeks and hop all over the land.

Here's an item for the women. First member of the club to solo was Miss Katie Crouch, a comely Maryland lass who is employed in the Department of Agriculture.

Miss Crouch not only has put more than 40 hours in her log book but recently took the plane on a week-end hop to Manhattan.

Ready for her solo any minute now is Dorothy Waterloo, secretary of the club, and an employee of the Bureau of Printing and Engraving.

### Mountain Mystery Solved

Lake Lure, N. C. (AP)—No longer is there any mystery about where the noises come from inside Rumbling Bald Mountain. Members of the National Speleological Society came here from Washington and explored the fissures that honeycomb the huge rock 1,000 feet above Lake Lure. They discovered that boulders weighing thousands of tons break loose from the tops of subterranean crevices and thunder down to the bottom of a cave. The society is a group of amateur cave explorers and mappers.

## Today in Washington

Real Question Before Congress: Should United States Enter War on Side of Great Britain

By DAVID LAWRENCE

Washington, Aug. 20.—Should the United States enter the war on the side of Great Britain and throw the full weight of the American navy and air force into the combat in the hope of warding off a Nazi victory.

This is the real question being pressed upon the Congress by answer by various groups of people throughout the country, and it is a far clearer statement of the immediate issues growing out of the European war than whether the United States should send 50 destroyers or whether conscription should be promptly adopted, or whether the Canadian-American defense agreement means preparation to repel a Nazi invasion.

So far as neutrality is concerned, it has long ago vanished. There is no pretense of it here any more. A government which lends money, as does the R.F.C., to private industry to build airplanes for the use of an active belligerent is not neutral in the sense in which the term has been historically used in international law. To refrain from selling 50 destroyers to England on the ground that a government should not sell warships to a belligerent because it's unneutral is as untenable a proposition as it is for the advocates of such a measure to insist that the dispatch of these destroyers would be a measure "short of war."

In a realistic sense today, there are really no measures "short of war." If Nazi Germany were able at this moment to attack America and needed a "justification" under international law, the steps taken by the American government in underwriting financially the production of airplanes for British use would be adequate.

As a matter of fact, Herr Hitler didn't need any justification for violating the neutrality of Holland or Belgium or Denmark. Only reasons of strategy or expediency prevent the Berlin government nowadays from characterizing as unneutral all the material aid heretofore given the allied cause by the United States.

The question of sending 50 destroyers befalls the real issue. What England needs is the help of the entire United States navy in the Atlantic, and such air force as can be utilized in overseas combat or in protecting her merchant shipping. If, as Ambassador Bullitt says, the United States is going to be attacked by Hitler as soon as the latter disposes of Britain, then the argument for sending some old destroyers will be followed logically by the plea to send also as many of the other warships as possible at once to deter Hitler from winning over Britain now.

The Roosevelt administration has tacitly approved the course of Ambassador Bullitt who, in an extraordinary speech in Philadelphia over the week-end, pleaded for the dispatch of 50 destroyers and the prompt passage of the conscription bill. Mr. Bullitt's address was an eloquent statement of the case from the viewpoint of those who believe there is no time to lose in helping Britain, but it was a transparently political attempt, too, to place the blame for delay on Congress, when the truth of the matter is the President of the United States did not act on Mr. Bullitt's dramatic reports during the last two years about the course of events in Europe. There are no signs yet that the White House is as exercised as Mr. Bullitt is about the need for haste in getting the defense program under way or else.

Mr. Roosevelt would be on the radio making impassioned pleas and fireside chats for the early passage of the conscription bill, or for the building quickly of those defense plants which Secretary of War Stimson told a congressional committee last week were being

## What Congress Is Doing Today

(By The Associated Press)

**Senate**  
Continues debate on compulsory military training bill.

Labor committee resumes consideration of amendments to National Labor Relations Act.

**House**  
Debates \$500,000,000 bill for trade-promoting loans by Export-Import Bank.

Military committee resumes discussion on conscription bill.

**YESTERDAY**  
**Senate**  
Debated conscription bill.

Passed bill to permit American ships to remove child refugees from war zones under safe conduct from belligerents.

**House**  
Passed minor bills.

## HUDSON RIVER STEAMBOATS

These articles are written from the collection of George W. Murdock, veteran marine engineer.

### No. 156—Idelwild

The steamboat "Idelwild" was built for Hudson river traffic and served her first years on the lower part of the river and around New York harbor. Later she became a familiar vessel on Long Island Sound, and was finally destroyed by fire.

The wooden hull of the "Idelwild" was built by Lawrence and Foulkes at Brooklyn in 1876. Her hull was 179 feet long, breadth of beam 32 feet, depth of hold nine feet three inches. The gross tonnage of the "Idelwild" was listed at 632 tons, and net tonnage of 485. A vertical beam engine constructed by Fletcher, Harrison & Company of New York furnished the power for the steamboat. This engine had a cylinder diameter of 48 inches with a 10-foot stroke.

The first two years of service for the "Idelwild" was on the Hudson river—plying between Peekskill and New York. She ran on this route as a dayboat, in opposition to the regular steamboat "Chrystianah," making the intermediate landings between the two ports.

The "Idelwild" was described by a veteran riverman as "a remarkably handsome sidewheel steamboat of the medium class with a speed of 17 and a half miles per hour."

During the years of 1876-1877 the "Idelwild" plied the New York and Peekskill route, and was then purchased by Alexander M. C.

## SOCIAL ACTIVITIES

PRICES.

Everyday, more and more new customers are finding out, by comparison that it pays to trade at Stock & Cordts', and that our CONVENIENT PAYMENT PLAN puts the BEST WE HAVE TO OFFER within the reach of all.

## Gollop-Weiner

Mrs. Sarah Weiner, 38 Meadow street, announces the marriage of her daughter, Evelyn, to Oscar Gollop, son of Mr. and Mrs. A. Gollop, 137 Hasbrouck avenue, on Sunday, August 18.

## Personal Notes

Miss Margaret Scott of West Chester street has been entertaining as her house guests, Mr. and Mrs. Charles Laird and daughter, Patricia, and Mrs. Laura Agan of Rome.

The Rev. Kenneth Lloyd Garrison, pastor of the Welsh Baptist Church, Taylor, Pa., is spending a two weeks' vacation with his parents, Mr. and Mrs. Leslie F. Garrison of 46 Sterling street.

Mr. and Mrs. Redford Page and son, Richard, of Binghamton were week-end guests of Mrs. Vernon Hull and Miss Ethel Hull of Smith avenue.

Mr. and Mrs. Edward J. Hughes of 99 Henry street and Mr. and Mrs. Louis B. Hughes, Jr., of Ellenville, attended the wedding on Monday of Miss Dorothy Hughes and John R. Newhouse in Elmira.

Mr. and Mrs. Allan Hanstein of Clinton avenue entertained at a swimming and supper party at their summer home in Westkill on Sunday in honor of their house guest, Helen Olheim, Metropolitan Opera star, and her husband, Fred Michael.

Mr. and Mrs. J. J. Reynolds of Flatbush avenue have returned from a week's vacation in New York city and Asbury Park, N. J. Principal and Mrs. Clarence Dumm and sons, Richard and Donald, of Mountain View avenue, have returned from a month's vacation in Mackeyville, Pa.

Mr. and Mrs. J. A. Simpson and daughter, Lois, accompanied by Mrs. Simpson's mother, Mrs. Maurice Hudler of 75 Brewster street, are spending a two weeks' vacation at Hampton Beach, Va.

Miss Ruth Katz of Brooklyn is visiting Mrs. M. Tetelman at her home, 52 Elmendorf street.

Mrs. Jacob Orkoff and Miss Bertha Orkoff of 33 East Union street are vacationing at Lake George.

Mrs. Hugh McTague and Miss Florence McTague of 102 Wurts street, and Mrs. Joseph McTague of Saugerties road, are spending a week at Atlantic City and Ocean City, N. J.

Miss Evelyn Elwood of Gloversville is a guest of Miss Gladys Nickerson of 32 Hasbrouck avenue.

Miss Mildred Smith of 140 Fair street and Miss W. C. Weezenaar of 254 Washington avenue have returned from a vacation in the White Mountains.

Syracuse, Aug. 20.—Girls literally flocked to the State Fair office this week in a last minute rush to enter their names in the exposition-sponsored queen contest being conducted for the third successive time. More than 200 Onondaga county girls between the ages of 16 and 25 have entered.

## Hostess and Guests at Birthday Party

Shirley Mae Hughes, daughter of Mr. and Mrs. Joseph Hughes of 54 Hurley avenue, celebrated her ninth birthday on Friday afternoon. Shirley had a party and she and her friends are shown on the lawn of her home. Seated on the ground are, left to right, Sylvia Ann Hughes, Shirley Mae Hughes and James Naccarato. In the center row, same order are, Helen Laura Roosa, Helen Tena Scully, Shirley Frances Freer and Lois Julia Van Dolson. Standing in the back are Gerald Freer, Richard Little, Frank Supples, James Roosa, Torn Larsen and Philip Naccarato.

## "IMMEDIATE FAMILY" DEFINED FOR READER AS THE PARENTS, THE CHILDREN, AND THE GRANDCHILDREN

Unless, as in the story "Jalna," they all lived under one roof, the great aunts and uncles are not included in an immediate family. Therefore, the immediate family are the parents, their children, and the young grandchildren. But by the time the grandchildren are having grandchildren of their own, then immediate family goes back only to these youngest children's grandparents. This is in answer to the reader who asks: "First, will you please explain what is meant by 'immediate family'? And second, tell us whether we may invite approximately fifty good friends of both families to the wedding reception and omit some of the aunts and uncles whom we rarely see, and who in spite of the relationship do not seem very close to us?"

The usual answer to her second question is "No!" But if the family is really divided, it may be that to leave things as they are is the better plan.

## Duties of the Hostess at Head of the Receiving Line

Dear Mrs. Post: I have been chosen by a committee to stand first in a receiving line to greet members and guests of a club at an evening reception. This is not a very formal town, but even so, I am wondering what I say to each one who comes up? Am I supposed to repeat the names of the people I know to the person standing next to me, and what do I say to the people who are strangers to me? This is all very confusing.

Answer: The hostess at the head of the line rarely has a chance to say anything further than "How do you do?" to each arriving guest, since the guest immediately continues to pass down the receiving line. If you know the guest personally you say something pleasant, such as, "I'm so glad you came," or "It's so nice to see you again," and then to Mrs. Jones standing next to you "Mrs. Jones, this is Mr. Smith," or "Mrs. Stranger, Mrs. Jones." Or if there is an announcer and you hear distinctly the name of a stranger, you repeat it to Mrs. Jones. But if it is mumbled, or if there is a lull in the arrivals and a stranger stands talking with you for a little while and you forget his name, no great harm is done since people going down the receiving line go very much as though they were on a conveyer belt. They merely greet each hostess with "How do you do," or if they want to have one or all of the hostesses know who they are, they give their names to the succeeding hostesses exactly as they present it to the first one.

**The General Houseworker's Title**  
Dear Mrs. Post: What is a man who has been engaged to do general housework as well as gardening called? He isn't the maid or the butler, but what is he?

Answer: The useful man.  
(Released by the Bell Syndicate, Inc.)

Mrs. Post is sorry she can no longer answer personal letters. She is glad, however, to have many printed slips on a variety of subjects to offer to her readers. Today's slip is "Answers To 35 Questions Asked In 'An Etiquette Test'." Be sure to send a three-cent stamped self-addressed envelope with your request to Mrs. Post, in care of the Kingston Daily Freeman, P. O. Box 150, Times Square Station, New York, N. Y.

## Suppers-Food Sales

The ladies of the North Marbletown Reformed Church will serve a hot baked ham supper in the church hall in the rear of the church, Wednesday evening, August 28. Supper will be served at 6 o'clock.

## Home Service

To Make Friends Easily  
Know Gracious Phrases

## Be Confident on all Occasions

"How do you get to know people?" is the plaint of many a girl on vacation. But to the girl armed with bright, friendly phrases there are a thousand ways to become acquainted.

Next time you see that handsome man admiring the view say enthusiastically, "I can't imagine a lovelier sight, can you?"

To the attractive group beside the swimming pool exclaim "Isn't the water heavenly!" And tell the girl whose tennis you've admired "You play a beautiful game."

What poise it gives you socially to have a suitable phrase for every situation. Must you refuse an invitation? Say graciously, "What a shame! I simply can't make it." At a party tell your hostess "You certainly have a talent for entertaining" — and you're sure to be asked often.

In business contacts, sound courteous, efficient: "Please tell Mr. Hatten I am here. I have an appointment." Over the telephone: "Who shall I say is calling?"

People warm to the girl who knows the gracious things to say, so stock up on the phrases in our 32-page booklet. Gives apt phrases for many business and social occasions, lists lively word combinations and descriptive phrases to brighten your talk. Send 10c in coin for your copy of EFFECTIVE PHRASES FOR ALL OCCASIONS to Kingston Daily Freeman, Home Service, 635 Sixth Ave., New York, N. Y. Be sure to write plainly your NAME, ADDRESS, and the NAME of booklet.

With the introduction of automatic heating facilities, sweeping basement modernization has taken place in many homes, including the use of color panels for both insulation and walls of downstairs playrooms.

Here's a sour cream recipe that's tasty.

## Delicious Sour Cream Recipe

Dinner Serving 3 or 4

Broiled Lamb Chops

Beets, Bay Shore Style

Bread Plum Jam

Tossed Green Salad

Apricot Fruit Pie Coffee

Beets, Bay Shore Style

1 tablespoon butter

1 tablespoon flour

1/2 teaspoon salt

1/4 teaspoon paprika

1/4 teaspoon granulated sugar

2 tablespoons vinegar

1/2 cup water

1/2 cup sour cream

2 cups cooked cubed or minced

beets

1 teaspoon chopped parsley

Melt butter and add flour and seasonings. Pour in vinegar and water. Stir constantly and cook until creamy. Add other ingredients and simmer five minutes or until smoking hot.

## Apricot Fruit Pie

1/2 cup granulated sugar

6 tablespoons flour

1 cup apricot juice

2 tablespoons lemon juice

1/4 teaspoon grated lemon rind

1/4 teaspoon salt

1/2 cup water

1 cup cooked apricots

2 tablespoons butter

1/4 teaspoon cinnamon

1/2 teaspoon vanilla

1 baked pie crust

Blend sugar with flour. Add juices, rind, salt and water. Cook slowly and stir constantly until the mixture thickens. Pour into crust. Cover with apricots and spread them with butter, cinnamon and vanilla. Bake 15 minutes in a slow oven. Cool and serve plain or covered with whipped cream.

## Change in Rules

London, Aug. 20 (AP)—A change in the censorship rules announced today will permit news services to cable reports when an air raid is in progress and sirens have been sounded. Prior to a conference yesterday correspondents were unable to cable such news abroad although it was being published in British papers.

# MEMORY OF THE MOON

by Jeanne Bowman

## Chapter Four The Vaquero

CONSTANCE, swung onto the road branching right. At least she was home. She was on El Cabrillo property, free of mortgage, taxes and all encumbrances... save for Taylor.

If the fog would lift she would be able to look up a two-mile avenue of Eucalyptus and cedar to the rambling ranch house, with the smaller servants' quarters clustering nearby.

But the fog didn't lift and the road seemed much too long and there were no trees visible along the road.

Mayb. Taylor had seen it to cut them down.

Oh well, she liked fog, fog scented with fragrant sweet grass, eucalyptus, bay and salt of the sea. As a child she had walked through such a mist as this, her hand safe in her father's. They'd made a game of it. Each brush, shrub, or pile of rock was a fairy or a gnom.

She forgot the fairies abruptly as the car struck a chuck-hole. The road was impossibly. Surely Taylor could have kept it in better condition.

It grew narrower, more deeply rutted, and the car labored at the incline grew steeper. A hill jumped out of the fog and Constance dodged. "Idiot!" she said, and then, looking at her watch: "I wonder if I've taken the wrong road. I can't turn around, I—"

Out of the heavy mist loomed a horse and rider. For a moment Constance thought they were going to lunge straight into her car.

She turned on the headlights and the horse stood up and waved its forefeet at her. She blinked the lights and he presented a waving tail and saluted the hill with his feet.

At least this gave her a glimpse of the rider: a man who sat the saddle like a centaur.

Constance breathed deeply with pleasure. "A vaquero," she murmured. "A real vaquero cowboy." The horse turned again to the lights, snorting his displeasure, and above his snort the vaquero roared. "Turn those damned lights off!"

Constance complied. She also turned off the motor and watched the horse come back to earth, the man still in the saddle.

"There is a sign at the highway," offered the rider icily, as the horse minced daintily around to the side of the car, which states this is a private road."

Constance pushed the curtain aside and leaned out. "Imagine anyone wanting to keep this road private," she said.

"I—" The vaquero stared at her in astonishment. "Señorita, I... I beg the pardon."

In one swift, graceful movement he had dismounted, swept a sombrero from his head and led his mount to the car.

Constance blinked rapidly. It must be the fog. No man could look like this one, no modern man. He was a copy of the old prints her father had shown her, one of the tall, dark Basques who had come to the new country with the first Don Cabrillo.

He was tall; tall and dark of skin, an amber darkness of layers of sunburned skin.

And where but in Spain could one find such smouldering black eyes, such long, jetty lashes. And there was a wave in his hair, a slight one, probably incorrigible, for it looked as though everything but honey had been used to flatten it.

There was nothing incorrigible about his moustache. It was small and very thin and very black. That was probably what made his smile seem so dazzling.

## Golden Land

"YOU are lost, Señorita?"

The magic of the Señorita completed Constance's capitulation. She was home. She was a vaquero, one of the old vaqueros who had ruled thousands of acres, thousands of cattle, and dozens of vaqueros like this one.

But would a Castilian vaquero have been as stirred by a cowboy as she was stirred? Could this exciting pulse-accelerating response be a strain of the shanty-irish cropping out?

"Perhaps I am lost," she conceded. "I thought I was on El Camino Real."

"But not!" countered the man. "El Camino Real is the main road beyond this road. It would not be wise to try to find it. Fog is bad, and fog and twilight is what we in this country, call the Devil's brew."

"Then what shall I do?" begged Constance, looking hopelessly at the dim landscape.

"If you will follow this road a few miles, you will come to a vaquero out-ride's post. Maria can put you up for the night, and tomorrow I will guide you to the home ranch."

After one backward glance, Constance decided this was the only solution.

He said he would ride on ahead, and promised she would be out of the fog when she reached the summit. Then, with a quick movement, he had mounted and was away.

Constance smiled as she fol-

lowed, smiled in spite of the motor which protested more audibly with each steep mile. The fog ahead was a curdled sea of gray, and then it thinned to reveal a stand of redwood, next turned a dull orange, and, as she reached the summit, disappeared to let her ride out into clear, yellow light.

One look ahead and Constance braked the car and turned off the motor. Before her lay half of the remaining Cabrillo acres, mellowed in the last rays of the sun. There were the hills of tan velvet rolling away to plum-colored mountains standing in a serrated line against the blue-gray sky.

Sell this? Never! Yet no wonder Taylor wanted it for his own. And no wonder the vaquero looked as though he had sprung from such a golden land.

He was riding down the sharp drop to where a wide adobe house squatted in the lee of the hill, dwarfed by the giant Eucalyptus trees which towered above it.

He stopped his horse before the adobe, and a woman, built like the house, squeezed through the door.

Constance laughed as she watched the pantomime. The woman waved a red apron excitedly. She threw it up over her head and back down. Then she raised her voice and the words came to Constance through the thin air.

"Josefa... Jo see! Marietta! Juan! Carlos! Muy pronto!" Children came scrambling from every direction, and Maria, after a hurried consultation, waved them on with her apron. One to the woodpile, one to the chicken yard, one to the little garden beyond the grove, and the girl into the house.

"Maria," murmured Constance, "is preparing for a guest. She wants to see when the Señorita that her guest is a vaquero?"

Miss Michael

SUDDENLY Michael Mahoney's great-granddaughter sat erect, her eyes narrowed. The vaquero had wheeled away from the house to lunge out to the stables where two riders had just come in from the hills.

Tonight, after the evening meal, these men would sit around and talk. If they didn't know her as a vaquero, she could ask leading questions and learn all she needed to know about the ranch before Taylor knew that she was within a thousand miles of the place.

"What name shall I use?" she wondered, then nodded. They had called her a throwback. Very well, she would take her great-grandfather's first name. She would be Miss Michael for one night.

A swift shadow fell over the hills, and Constance shivered in the chill November evening air. She started her engine, to make a slow descent, brakes, gears and her own young muscles straining to hold the car back from its impetuous dash to the valley.

As she pulled up before the adobe, Maria, a girl now clothed in black, hair pulled into a neat bun, round face shining with recent soaping and broad welcome, a white apron replacing the red one.

She burst into a flow of Spanish which left the descendant of the Dona frowning in a concentrated effort to follow her words.

"Welcome," concluded Maria, and Constance relaxed. Maria, it appeared, could speak English after a fashion, and also, after a fashion, could understand it.

"Si," she had one extra room, but not for money, for a guest. And, "Si," she could arrange such humble food as would pacify the hunger of the Señorita.

Constance followed as she backed into the long main room of the house; a room which might have looked barren with its white-washed walls, hand-hewn furniture and rock fireplace, had not the rafters and windows been scarred with rows of green and scarlet peppers, yellow gourds and strings of pear-shaped garlic.

And for the little Shrine set in an alcove off the inner door, a small taper glowing before it. Maria backed towards the Shrine, then respectfully stood aside, waiting, and Constance, reaching back in her memory, remembered a tradition of the vaqueros.

She had completed a hazardous journey. She must give thanks for its safe termination; for the welcome of friends and for food and shelter.

Obediently she knelt and when she arose found Maria, a fatuous smile on her face, nodding to someone across the room.

Constance turned and her heart tightened, then quickened its beat. The vaquero had come in. Did she imagine disappointment and vague pain in the expression in his eyes, or was it the shadow of the fast falling twilight?

Confusedly Maria introduced him—"Señorita Michael, there is Pedro," she offered, then raised her voice. "Marietta!"

Marietta, a pocket edition of her mother, came scurrying in, and Constance, aware only of the slight bow the vaquero had given at the introduction, followed the child out of the room and down a tiny hall to the room she would occupy.

"Is Pedro your uncle?" she asked of Marietta.

Marietta gave her a startled glance, then hid her face in shocked denial.

To be continued

## OFFICE CAT

By JUNIUS

The old-fashioned boy who counted the days until he was 21 so he could go to work for himself is now counting the days until he's 65 so he can quit.

It pays to advertise: Would-be Advertiser—Are you certain that advertisements in your paper bring results? Country Editor—Absolutely.

Why, the last time a man advertised for a lost dog, the dog walked in while the man was writing out the advertisement.

We do not like to face the facts if they are unpleasant but if we do not face them the unpleasant phase remains and grows.

Mrs. Smart—A woman is judged by her company. Mrs. Blunt—Yes, but not until after she has left.

Howard—Thanks for the loan, but what's the pamphlet you gave me? Frank—Oh, that's just a little book that explains how to develop one's memory.

Husband—I don't mind you buying these things, my dear, but I would like to have a voice in the matter. Wife—You have a voice in it all right—the "invoice."

Millions for defense of our country, but not a mother's son for the European war.

Old Lady—I shouldn't cry like that, my boy! Small Boy—Cry as you like; this is my way.

An American who wastes \$300 or \$400 a year complains of paying \$50 in taxes.

Mrs. Newlywed (as she paid the milkman)—I do hope you keep your cows in a pasture. Milkman—Yes, madam, of course, we keep them in a pasture.

Mrs. Newlywed—I'm so glad. I have been told that pasteurized milk is much the best.

Things are never as bad as they might be until they cannot get any worse.

Two drunks met on the street: First—Do you know what time it is? Second—Yes.

First (staggering away)—Thanks. If we know how to use our idle time, we generally have no idle time.

Stranger—Sonny, can you tell me the quickest way to the station. Sonny—Run.

Little Sally—Daddy dear, the furniture man is here. Daddy—I'll be there in a minute, dear. Tell him to take a chair.

Little Sally—I did Daddy, but he said he would start with the radio and studio couch.

Sometimes the best peacemaker is the sturdy citizen who quells the trouble maker.

Son—I say Dad, do you remember telling me about the time you were expelled from school? Dad—Dad? Ha! Ha! Great days!

Son—Well, I'm telling you. The Moss Feature Syndicate, Greensboro, N. C.

WEST HURLEY

West Hurley, Aug. 19—A clam bake will be held at the Methodist Church Hall Tuesday, August 20. Servings from 6 p. m. to 7 p. m.

Miss Anna Emig, of Forest Hills, L. I., is spending her vacation at the home of her brother and sister-in-law, Mr. and Mrs. William Emig.

Mr. and Mrs. C. J. McWilliams and family of New York City are spending the month of August at the home of Mr. and Mrs. N. Cole.

Edward Dunn is spending some time in New Jersey with relatives. Sunday guests at the home of Mr. and Mrs. David McDonald were Joseph Skelly, William Fallon, Mr. and Mrs. Lawrence Orlman and daughter, Marie.

Mrs. Helen Senker and Miss Kathryn Ryan of Brooklyn, were weekend guests of Mr. and Mrs. David McDonald.

Mr. and Mrs. Carl Nussbaum, of Brooklyn, are spending their vacation at the home of Mr. and Mrs. G. A. Nussbaum.

Miss Catherine Stoffe, of Astoria, L. I., is spending her vacation with her aunt, Miss T. Curley on the Woodstock road.

Week-end guests at the home of Mr. and Mrs. Thomas McCalliff were: Marjorie Dunn, of Kingston, Mr. and Mrs. Edward McSpirit and sons, Robert and Edward, Jr., of New Jersey and Thomas McSpirit, of Hurley.

Miss Anna Emig and Mr. and Mrs. William Emig and children motored to Lake George Sunday.

Mrs. Wesley Mosher, of Woodstock road is ill at her home. George Berry, Jr., is ill at his home with tonsillitis.

Aubrey Berry is spending a few days in Brooklyn at the home of Mr. and Mrs. Daniel Rooney.

G. A. Nussbaum is the new manager of the Atlantic gas station on the Zena-West Hurley road.

Anna Mae Emig was the guest of Carol Dietrich at the home of her grand-parents, Mr. and Mrs. John Groves.

Mrs. Dietrich and daughter, Carol, are spending some time with Mr. and Mrs. John Groves.

Antidote for Red Tape

Dayton, O. (P)—Uncle Sam's army air corpsmen are K-I-Sing these days. No, that's not a misspelling of something extra-curricular. It's just an abbreviation adopted as purchase engineers seek to sheer through defense red tape. It means "Keep It Simple," and supplies to reports as well as laboratory technique at Wright Field.

## Willkie Is Sure Ickes Gave 'No' To Debate Offer

(Continued from Page One)

to say "this afternoon concerning it."

The nominee's original plan had been for Bridges to reply formally to Ickes in a radio address.

The Republican nominee probably will leave here Thursday. He may go to New York for a day or so and then proceed to Maine.

After taking newspapermen on a tour of his five Rush county farms in the morning, he spoke at a "welcome home" celebration arranged for himself and his wife, who was born here.

"Bombs are raining down on England today," Willkie said. "People who live and think as we do are being destroyed in their habit and way of life."

"When one in my situation realizes that he is being called upon to play a part in the discussions of matters that have to do with keeping that kind of holocaust from coming to this country, you must know how deeply I feel."

"I am ready to make whatever personal sacrifice may be required of me, of whatever long days and sleepless nights, to preserve at all hazards the kind of life we have here in Rush county."

The crowd was scattered on all four sides of the platform. Willkie stood on the railing before he spoke and waved his straw hat as he hung onto a post.

In reply to his introduction as a "Rush county farmer," he said: "I am a purely conversational farmer. I've never done a stroke of work on a Rush county farm in my life, and I hope that I don't have to. I merely do the talking."

Willkie's farms are operated by tenants.

## Fishing Without License

Edmund L. Gendarme, 34, who resides at 15 DeWitt street, was arrested in the town of Ulster Monday afternoon by Game Protector Weed on a charge of fishing without a license. He was held in the Ulster county jail pending a hearing before Justice Edward Brodsky.

## Reports Dog Bite

Aaron Bindman of 519 Broadway reported to the police Monday that while riding his bicycle he was bitten in the right ankle by a dog owned by Frank Oulton of 149 West O'Reilly street.

## Our Growing Population

The following birth has been reported to the Board of Health: Mr. and Mrs. John B. Chase of 15 Dederick street, a daughter, Jo-Ann Kathlene, in the Kingston Hospital.

## Ickes Declares Willkie Demagogue To Debate Offer

(Continued from Page One)

while thousands of others "excoriate Ickes as the man who ruined them."

"The statement of Mr. Ickes that I am or ever was a member of Tammany Hall," Willkie said, "and his implication that I ever approved of the activities of Samuel Insull, or that I have any business connections of any kind today are plain and simple falsehoods."

In his attack on the Republican party, Ickes said:

"Mr. Willkie's current party contains the men who think that they can appease Hitler by making a deal—the big business men who were caught conferring in secret with a notorious Nazi agent, Dr. Westrick."

"Mr. Willkie's current party includes the men who think that big business should be allowed to capitalize a grave national crisis for its own private profit; that, somehow or other, the country will muddle through if only the party of big business and appeasement is given an exclusive right to handle the defense program."

"What has Willkie's current party to offer America but more Munichs, more appeasement abroad, and more defeatism and reaction at home?"

In another radio discussion of Willkie's speech, Edward J. Flynn, Democratic national chairman, said in New York last night that the Republican nominee's acceptance address showed that he believed "in most everything that the Roosevelt administration has accomplished."

"Of course, Mr. Willkie added the usual Republican promises. He will retain all of these splendid reforms but he will administer them better and he will spend as little as possible. I leave it to your own common sense to pass judgment on the character of that appeal."

After some further discussion of the question Dr. Sanford was instructed to get in touch with representatives of the Boy Scouts, the Ulster County Farm Bureau and the 4-H Clubs in regard to inaugurating a campaign in Ulster county this year, or early next year as Dr. Sanford expressed the belief that it was rather late in the season to inaugurate a campaign this year.

The board by unanimous vote changed the date of the regular monthly meetings from the second to the fourth Tuesday evening of each month. The next meeting date goes into effect in September.

## Smoked Turkey

A communication was read from the Forst Packing Company asking for inspection of the Catskill Mountain smoked turkey, the new product the concern is marketing. The letter suggested that Dr. Philip Poley, meat inspector of the board, make the inspection and that the concern would pay the expenses of the inspection.

The board granted the Forst concern a temporary permit for inspection service for a period of 30 days.

Mayor Heiselman said that the smoked turkey was very tasty. He said that while he was in a hotel in Florida he had been served with a portion of the turkey and never enjoyed turkey more.

## "Dirty City Water"

Dr. Charles D. Carter, one of the board members, said that residents of the upper end of West Chestnut street were complaining of dirty water obtained from the faucets in their homes. He said that samples of the dirty water had been shown to the water department but as yet no relief had been afforded.

In the discussion that followed it was stated that there were two water mains in West Chestnut street, one a small four-inch main and the other a larger main. Undoubtedly those who were having trouble with dirty water were hooked up to the smaller main.

The trouble it was said could be overcome if the water department disconnected the house services from the old and connected with the new main.

## Britain's Barrage Balloons Come in For High Praise

'Fat Friends' Are Given Credit for Nazis Failing to Hit Some Vital Points of Attack

By ROBERT E. BUNNELLE  
London, Aug. 20 (AP)—Britain's "fat friends," variously known also as "floating elephants" or "old floppies," or just plain barrage balloons, have won a pat on their broad backs from military experts.

Once dismissed with a laugh by many observers, the great, cable-tethered sausages now are credited with causing Nazi bombers to miss countless targets and with aiding RAF fighters and ground gunners in bagging more than 500 German planes in the past week.

RAF officials point to the persistent attacks by German pilots on the big balloons in answering questions as to whether they are effective.

"They are not doing that just for the fun of it," one air expert pointed out.

"They risk expensive Messerschmitt fighters to bring down a bag of rubberized cloth that can be patched up in a jiffy—unless it burns—and put right back up in the air in a few hours."

"As a matter of fact the balloons with their trailing cables proved well worth their salt in the past week in doing their assigned job—namely, protecting vulnerable points from dive bombers and in making raiders fly at the heights we want them to fly."

"The latter means that we have just that much less sky to watch. We can have our guns trained and our fighters patrolling at certain levels, thanks to our fat friends, the balloons."

The balloons have done a little direct damage, too. Several German planes—and some British—have tangled with their dangling cables and crashed.

## Parolee Caught After Getaway Following Crash

Kenneth Scott, 25, of 72 Cedar street, on parole from Elmira Reformatory, waived examination and was held to await the action of the grand jury on a charge of grand larceny in the second degree this morning in police court after he had pleaded guilty to leaving the scene of an accident, and to a charge of operating an automobile without having an operator's or chauffeur's license.

Scott was arrested about 4:40 o'clock Monday afternoon after the auto he was driving had collided with the parked car owned by Meyer Basch on Hasbrouck avenue, near Newkirk street. He was caught after a chase through the backyards of the houses on Chambers and St. Mary's streets by Officers William Leonard and Hyatt.

This morning when Scott pleaded guilty to leaving the scene of an accident Judge Matthew V. Cahill imposed a fine of \$50, while on the charge of having no driver's license the judge imposed a fine of \$5.

According to the police Scott is accused of taking the auto of William Buckman of 196 First avenue, which was parked that afternoon on St. Mary's street and had driven out into Hasbrouck avenue when he struck the parked Basch auto. After the crash the car driven by Scott ran across the street, over the sidewalk and crashed into a fence where the machine was abandoned by Scott.

The police say Scott is on parole from Elmira where he was sentenced in 1932 for third degree burglary.

## Other Police Cases

Michael Sweeney of New York city was arrested Monday afternoon charged with passing a red traffic light at Broadway and Chester street, and also with operating an automobile without having the necessary operator's license.

This morning Sweeney pleaded guilty to both charges and was fined \$2 for passing the traffic light and \$5 for not having an operator's license.

Daniel Joseph McGlynn, 26, of New York city, arrested on Railroad avenue last night on a charge of disorderly conduct in using profane language on the street, was fined \$5 and sentenced to 10 days in jail. The jail sentence was suspended provided he left the city within an hour.

## Child Is Hurt In Auto Crash

West Orange Girl Suffers Loss of Three Teeth

Diane, nine-year-old daughter of Ramon D. Cregar of East Orange, N. J., suffered a mouth injury and the loss of three teeth when the automobile in which she was riding was in a head-on collision with an auto driven by the Rev. Joseph E. Rivoli, pastor of St. Joseph's Church in Glasco, on East Chester street near Tammany street about 3 o'clock Monday afternoon.

According to the report made by Mr. Cregar he claimed that the priest was asleep at the wheel and that the priest's car struck his car head-on. Father Rivoli in his report stated that he was driving north over East Chester street during the heavy rain storm and his car skidded on the curve in the road and collided with Cregar's car.

Both cars were damaged in the crash.

**TAKE OUR WORD FOR IT**—You'll have to believe, sight unseen, that this is Tony Cuccinello (27) of the Giants and Merrill May of the Phillies scrambling a play at Philadelphia. After some confusion Tony detached self, got home.

**RATTLING GOOD TIME**—Back in New York after a 30-day training cruise that took them to Guantanamo, U. S. naval base on the Windward Passage tip of Cuba, these V-7 naval reserves try out sound effects with their maracas, or Cuban gourds. Left to right: George A. Hayes, N. Y.; Frank Mabley, Detroit; Lucius Kentfield, N. Y.; Milford Levin, N. Y. This V-7 group comprises college graduates and undergrads who hope to become naval officers.

**WHEN A FELLER HAS FRIENDS**—Neck-craning fans peer into the dugout at Chicago to glimpse Bob Feller (left), Iowa-born pitcher, and Rollie Hemsley, also of Cleveland Indians.

**KNOWS THE ANSWERS**—With gestures Leonid Brezhnev, exiled Russian now living in Coyoacan, Mexico, declares that "Stalin and Russian secret police" ordered the attack on him last May. Trotsky's guarded home is now fort-like.

**WALLY**—As chic as ever is the Duchess of Windsor, who seems happy to be on her way to the Bahamas, where the Duke will soon rule. This new photo made at Bermuda.

**OMEN FOR OCTOBER**—Football's not far off when coaches get together. Here are Jim Crowley (left) of Fordham and Bill Kern of West Virginia, at W. Va.'s coaching school where they talk over their coming game, Oct. 5, in New York.

**SOCIAL WEAR AND TEAR**—For a good closeup of what socialites wear on a beach promenade at swanky Southampton, N. Y., study Mrs. Orson D. Munn, complete with parasol, and Giuseppe Russo, in plaid; Russo's from Park ave., New York.

**SOUTHERNER**—With "Bama" for a nickname, Carvel Wm. Rowell (above), outfielder with the Boston Bees could come from but one state—Alabama. His home's Citronelle.

**MESS**—That old maxim about an army traveling on its stomach may be in the mind of Gen. George C. Marshall, chief of staff of the U. S. army, seen on a surprise visit to a mess kitchen at Camp Ripley, Minn., where war drill is being held.

**FATHER'S FOOTSTEPS**—Here's at least one son who'll listen to his dad's advice, for the boy is Steven Carey and the father is Harry Carey, film actor. They're rehearsing for "Ah, Wilderness," in which Steven will make his theatrical debut, at Skowhegan, Me. They'll play father and son in the O'Neill play, which is included in the Lakewood drama festival.

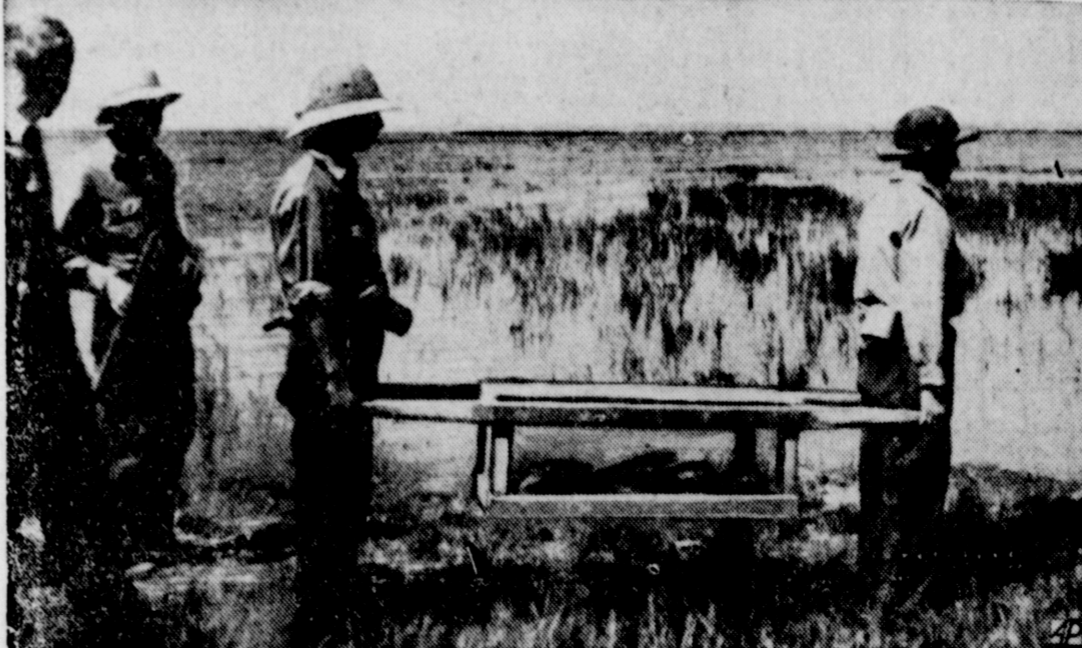

**FIRST ANNIVERSARY**—Dorothy Maynor, Negro soprano acclaimed in August, 1939, chats with Serge Koussevitzky, conductor of Boston symphony orchestra, in August, 1940, as she prepared for her "first anniversary" appearance at the Berkshire music festival in Stockbridge, Mass. Koussevitzky is credited with having discovered and aided the then-unknown singer.

**READING AT F.B.I.**—Papers shown at F.B.I. offices in capital interest (left) Governors Herbert O'Connor, Md., and Homer Holt, W. Va. F.B.I. is studying foreign language publications.

**FOUL PLAY FOR DUCK**—Almost a goner is this mallard stricken with botulism, that blitzkrieg in the feathered world that's due to food poisoning traced to bacteria. The U. S. Fish and Wildlife Service, which administers 266 wildlife sanctuaries in nation, is fighting botulism. Affected birds, like this, are prostrate, respiration is slow, heart action is weak.

**FIRST AID ON THE WAY**—Along a marsh tramp stretcher-bearers looking for birds stricken with botulism which is prevalent in semi-arid or alkaline-lake states. Birds are carried to a hospital. Since bacteria producing botulism thrive in mud mixed with organic wastes, hayrakes are used to comb out rotting plants and to agitate the water, to oxygenate it.

**SAY 'AH' NOW!**—To give a duck sick with botulism the nourishment he can't get normally because of an upset digestive system, a U. S. Wildlife Service doctor feeds him a solution of magnesium sulphate and potassium permanganate.

# Royal Giants May Play Recs Wednesday Night

## Small Field Is Slated to Play In National Golf

Only 756 Are Listed to Participate at Winged Foot Club; Opens Next Week

New York, Aug. 20 (AP)—It's hard to believe, but golfers appear to be a trifle more cautious than they were a few years back. At least there aren't so many of them willing to spend five dollars in the slim chance that they'll win the national amateur championship, which will be played at the Winged Foot Club, Mamaroneck, N. Y., Sept. 9-14.

The entry list for the amateur shows the same downward trend that was seen in the open championship. The official figures announced today by the United States Golf Association show that 756 entries were accepted, that's the lowest total, with one exception of any year since 1933.

When the amateur was played at Portland, Ore., in 1937 there were only 619 entries.

As a result of the locations where sectional qualifying rounds were scheduled a week from today—Salt Lake City—was dropped, leaving 28 sites where 746 golfers will shoot their 36 holes each. Only 140 places in the big tournament are open to the public, as the field in the tournament proper is limited to 150. Ten former champions are expected from the sectional qualifying rounds.

That makes the odds about 5 to 1 that any player who makes the attempt next week won't qualify and the boys apparently don't like such odds unless they figure they have the game to beat them.

The number of places allotted to each site where sectional qualifying rounds will be played next Tuesday were based, as usual, on the size and strength of the fields. In New York there are 142 entries for 25 places.

## Goldberg to Use More Passes in Pro Grid Season

## Ex-Panther Back Failed to Shine in His Initial Season; Marshall Is Confident

Chicago, Aug. 20 (AP)—They called him "Mad Marshall," the Galloping Goldberg in college, but he was just another guy named Joe during his first year in pro football.

Goldberg, accustomed to the superlatives during a brilliant grid career as Pittsburgh's ace ball carrier, didn't care at all for the obscurity he achieved in his freshman year with the Chicago Cardinals.

There was a time last fall when he considered himself through the football for good. He was having a dismal year and so were the Cardinals. They apparently couldn't help him shine as a pro and he wasn't much help to the team.

But all thought of quitting has gone now. He's drilling daily with the Cardinals under Coach Jimmy Conzelmann, working harder than the rawest rookie.

The pros swarmed like flies all last fall because they knew what was coming—always a running play. So there was only one thing to do—learn to pass. Conzelmann told him that, so he's out tossing dozens of passes every day.

Conzelmann has practically assured the former Pitt All-American that the left halfback spot is his if he can become a passing threat. Marshall himself is confident he can develop this art and thereby become a running threat, too.

"Not only am I going to pass," says Goldberg, "but I also hope to be somewhere around the top of the National League in ground-gaining. I know from experience that this league is tougher to run in than college competition, but you get more help and there's more deception."

# House of David Game Was Rained Out; Locals Defeated Giants in First Game

Continued showers caused the postponement of the Recreation House of David game at municipal stadium last night. It is being planned to secure the Brooklyn Royal Giants or some other top-notch semi-pro club. Further announcement will be made Wednesday.

In case Dave Thomas' Royals aren't available for tomorrow's battle at the stadium the local management will try to bring the famous Puerto Rican Stars of the Nat Strong chain or the Mohawk Colored Giants. Both the Royal Giants and the Mohawk Giants have appeared here this season with both visiting clubs going down to defeat at the hands of the Kingston machine. The Ricans played here last year and gave the local fans some good baseball.

With the postponement of the "Bearded Beauties" contest the Recreationers were forced to go without another chance of beating the Davids. In a previous contest the terrors of Lou Murphy defeated the Recs by 9 to 2. Both clubs would have been on their toes for the game last night and it would have undoubtedly been one of the best played games of the year.

Although Wednesday's opponent is still undecided, the Recs will play host to the powerful Harlem Valley State Hospital club Friday at the stadium. The Wingdale team is the current leader of the Mid-Hudson Valley League and as it appears now the club will be strong favorites to whip Poughkeepsie in the playoffs.

## Downer To Play

Ernie Downer, former Cornell star in baseball and basketball, will play with the Harlem Valley club Friday. Downer was given a try-out with the Pittsburgh Pirates a number of years ago and according to official word from Manager Pie Traynor, then pilot of the Bucs, Downer merely needed more seasoning with semi-pro outfits. Another star will be Elbert Johnson, ace spitball flinger who may get the assignment to hurl against the Recreationers.

After piling up a six-game winning streak the local machine was over-hauled by the strong Copake Falls club last week at the stadium. A victory over the hapless Detroit Clowns pushed the Hustamen back on the winning road again. However, the locals were forced to accept a 6 to 5 loss at the hands of the Newburgh Recreationers Sunday afternoon after Bob Bush had pitched a good game.

Pitching selections for Wednesday's battle at the uptown park will probably fall to Al Gruner of Highland who still has to make his first start for Kingston. The tall flinger was used in relief duty recently but since then has been on the bench. Bob Bush may hurl against Harlem Valley Friday.

Regardless of what the Tigers do from now on, Owner Walter Briggs will award generous bonuses to Manager Del Baker, Pitcher Buck Newsom and Shortstop Dick Bartell. He feels this is especially responsible for the club's unexpectedly good showing. Baker has done a great job in moulding his material into the anchor man of a none-too-strong pitching staff before his injury while the peppy Bartell has added a lot of spark and dash to the team and has been the mainspring of the infield.

## Freeman To Play

Tonight at 6:30 o'clock the Freeman softball team will play the new organized Fuller Shirt-cutters at Hutton Park.

## Bees Win Again

That was Carl's third win over the league leaders this year, while the defeat was Paul's fourth straight and 11th setback this season.

While Hubbell was making hash out of the Cincinnati Reds, Dick Erickson of the Bees was doing the same thing to the Pittsburgh Pirates' hopes for a first division berth. He won his ninth game of the season 3 to 0, limiting the Bucs to nine hits and skidding them down into sixth place.

Sibby Sisti scored the winning run in the third after he doubled and Carvell Rowell sent him home with a single. Cent Ross' single sent two more runs across after a walk and Deb Garms' error placed runners on second and third.

Joe Bowman, the loser, pitched as well as Erickson, but his mates didn't help him in the clutch.

# Yanks Are Often Mean to Hurlers But Al Smith Is Grateful to Champs

AP Feature Service  
Cleveland. — Al Smith isn't angry with the New York Yankees. Even that 7-run first inning outburst with which they greeted him in his last New York appearance didn't sour Al on the champs.

You see, the Yanks indirectly gave Al his chance to make good in a big-league comeback — and his record of 10 victories against three losses up to the end of July indicates that the big Cleveland southpaw is making good.

Al, who won his way back to the big leagues by turning in a 16-2 record for Buffalo last year, was just touring along with the Indians early this year, pitching an occasional relief chore.

Then the word got around that the Yanks were having trouble with left-hand pitchers. Manager Oscar Vitt, remembering that Al tossed the ball from the port side, decided to give the big new-comer a starting assignment against the New Yorkers.

## Beats Yanks Twice

Smith beat 'em and looked good doing it. Vitt started him again against the same club — and again the champs bit the dust. So Mr. Smith won a regular starting turn — and from there on Mr. Smith went to town.

Al's biggest success secret is control (he passed only 49 batters in 160 innings last year) and a screwball pitch that he lets fly on an average of once every four throws. He's no inexperienced hurler, either. He started in professional baseball in 1930, was with the Giants in 1933, worked

AL SMITH  
Luck and Cooperation Help

him in 1933, worked

some for the Phillies but has never had the major league success he's enjoying this year.

The big guy doesn't claim any great credit for his record to date. He says luck and some swell cooperation have been his biggest aids. Like all the other Clevelanders, he has kind words for Boudreau and Mack, the Indians' snappy rookie pair at the key-stone sack.

## Saved One For Him

"They saved one game for me without a doubt," he recalls. "We were tied with Boston, 1 and 1, in the fifth inning, one down, and the Sox were really scrapping for the lead. With what looked like a damaging rally on the way, that pair of kids worked a double play on a slow grounder that might have been tough for a single out in most cases. I don't see how they did it."

He is not doing too much enthusing about being back in the big-time.

"Anything can happen," he reminds you. "You may work several good games, lose 'em by one or two runs. Or you can pitch a string of not-so-good ones, and come out of it okay because you had super-support. So I'm not banking too much on my own record so far this year. I don't know when my luck may change."

Al, 31 years old, is married and has a one-year-old daughter. His home in the off-season is at Webster Grove near St. Louis.

## Dairymen Lost Two

Newburgh's Kay-Dets scored a double win over Jones Dairy Sunday afternoon at Hasbrouck Park by winning 4 to 3 and 5 to 4. Bo's Balfe and Ben Toffel were the losing moundsmen. McKintire, Gibson and Williams hurled for the Hilly City club.

A four-run cluster in the third inning of the first tussle gave the Newburgh club the decision despite Kingston's two-run spree in the ninth. In the nightcap Newburgh tallied three runs in the third. In the 11th Newburgh pushed over the winning run to win 4 to 3.

## Score by Innings:

R H E  
Newburgh 001 000 000—5 6 0  
Jones 000 000 002—4 5 0  
Batteries: Williams and Gibson; Balfe and Herrick.  
Newburgh 000 300 000—4 8 0  
Jones 002 100 000—3 6 3  
Batteries: McKintire and Gibson; Toffel and Herrick.

## Derringer Is Blasted Early by Terrymen; Red Sox Shatter Indians, 16-7

By the Associated Press

This is one of those rare occasions—like a total eclipse of the sun or breakfast without bacon and eggs. It marks the only time this—or any other—year when loyal Brooklyn fans will yell for, not at, the New York Giants.

The Giants, probably without meaning to, are helping their rambunctious rivals from across the East River catch up with the league leading Cincinnati Reds. And if there's anything a Dodger fan would rather see than the Giants being "moldered" it's his own Superbas surpassing the Reds.

Hence the tag line in every Brooklyn prayer, "And please, bless the Giants—just for this series with the Reds."

While the Dodgers were idle yesterday the Giants, with a make-shift line-up that included Mel Ott at third, and Johnny McCarthy at first, hopped on the Reds by a 9-2 count.

King Carl Hubbell screwed the Reds into submission with a Brooklyn 6-5 victory. While his mates were bashing out 14 hits off Paul Derringer and three assistants. That left Brooklyn four games back of the Reds—just a pitch and a putt for the dashing Dodgers who have Leo Durocher back at shortstop to make them a wiser, if somewhat slower, outfit.

That was Carl's third win over the league leaders this year, while the defeat was Paul's fourth straight and 11th setback this season.

While Hubbell was making hash out of the Cincinnati Reds, Dick Erickson of the Bees was doing the same thing to the Pittsburgh Pirates' hopes for a first division berth. He won his ninth game of the season 3 to 0, limiting the Bucs to nine hits and skidding them down into sixth place.

Sibby Sisti scored the winning run in the third after he doubled and Carvell Rowell sent him home with a single. Cent Ross' single sent two more runs across after a walk and Deb Garms' error placed runners on second and third.

Joe Bowman, the loser, pitched as well as Erickson, but his mates didn't help him in the clutch.

In the American League's only game, the Boston Red Sox gained their most decisive triumph of the season over the league-leading Cleveland Indians—smashing out 14 hits for a 16-7 win.

Included among the barrage of blows were four Sox homers—by Ted Williams, Bobby Doerr, Jimmy Foss and Jim Tabor. Foss's third hit was the 33rd of the year while Tabor's came with the bases loaded. Slow-baller Joe Heving, collecting his eighth win of the season, was touched for a dozen blows, including four batters by Roy Weatherly, Hal Trosky and Jeff Heath.

Two other American League games were scheduled—Detroit at New York and Chicago at Philadelphia—but both were rained out.

## Pool Coach Sees Smaller Girls in Swimming Tests

Seattle, Aug. 20 (AP)—One of America's foremost swimming coaches looked at the won-and-lost ledger today and said he guessed the championship era of the Amazons had passed.

The wee gals, said Coach Ray Daughters, whose pupils have won their weights in championship trophies, have pulled to the front with technique and timing.

It was a sad observation for Daughters to make after watching trim, 15-year-old Mary Ryan of Louisville, N. Y., outclass the boys' down his way throw all of 'em under 10 pounds back into the gulch. . . . But we'll still stick to North Carolina. . . . For crying out loud, a nice big one jumped right into L. D. Ennis' boat the other day.

## Paradise

That little item about the great bass fishing down in North Carolina's Currituck Sound brought a howl from Florida. . . . Pete Norton of the Tampa Tribune wired the boys' down his way throw all of 'em under 10 pounds back into the gulch. . . . But we'll still stick to North Carolina. . . . For crying out loud, a nice big one jumped right into L. D. Ennis' boat the other day.

## Today's Guest Star

Jim Rasmussen, Ironwood (Mich.) Daily Globe. — G. Albert Mott, Missouri University sage, pointed to a headline, Italy seizes Yugoslavia, and said, "It looks like the presidency isn't the only thing Jim Farley lost out on this trip."

## And That Was That

While the Reds were in Chicago, Mrs. Gabe Paul, wife of the club's secretary, rang up from Cincinnati and asked if he might drive over for the series. . . . Gabe said no. . . . Mrs. Paul arrived next morning.

## House Vote Favors Return of \$10,000 To Retired Major

### Subordinate's Thieving Should Not Be Charged Against Him; Cites Too Many Duties

Washington, Aug. 20 (AP)—The House has voted to return to Major Clarence H. Greene of Providence, R. I., about \$10,000 deducted from his pension during the past decade because of an embezzlement committed by a subordinate while the 73-year old retired army officer was post quartermaster at Mitchel Field, N. Y. The embezzlement was discovered in October, 1930, and a private attached to Mitchel Field subsequently was court-martialed and sentenced to 15 years at hard labor.

In recommending approval of the bill (H.R. 5264) to repay Major Greene, the House claims committee took issue with a war department finding of "carelessness" against the officer which resulted in deduction of \$98 from his monthly retirement pay of \$136. Major Greene retired June 30, 1931, and the committee estimated that by April, 1939, about \$9,500 had been deducted from his pension.

The committee said that Major Greene, then a captain, was made constructing quartermaster at Mitchel Field in 1928, a task that required 90 per cent of his time, and in addition was made agent finance officer for the field.

The committee said it could not concur in the war department's charge of carelessness against Greene "especially in view of the fact that the war department readily admits that he was overtaxed in duties and was only assigned the duties of agent finance officer as incidental to his many other duties, and it was not pointed out to him that the methods heretofore followed in this office were unsatisfactory or irregular in any manner."

"As a matter of fact, your committee feels that a charge of carelessness might well be placed against the person or persons who assigned these additional duties to Major Greene with the full knowledge that he already had a fulltime job and furthermore that he was not actually equipped through experience to handle the job of agent finance officer."

## German Escapes Camp in Ontario

### Man Is Called Dangerous; Brought From Britain

Somewhere in Ontario, Aug. 20 (AP)—A young German officer who speaks perfect English and who is described as "dangerous" was at large today after a bold, perhaps radio-directed escape from a Canadian internment camp in northern Ontario.

Fifth Columnists, at least one of them a woman, were believed by Canadian authorities, to have aided in the escape yesterday.

The prisoner, brought here from England, crawled to freedom through a three-foot high tunnel built directly under one of the guard rooms and braced efficiently by timber which police said was stolen piece by piece from workmen building additions to the camp barracks.

So carefully was the tunnel made that authorities believe a general escape may have been planned.

Perhaps most amazing of all was the discovery of a radio transmitting set concealed in the ceiling of the barracks over his bed, over which the prisoner apparently planned his escape with outside help. The tunnel extended 50 yards from an ice house in which the prisoner worked.

## La Guardia Bans 'Obscene' Papers As Mere Garbage

New York, Aug. 20 (AP)—Mayor LaGuardia intends to treat "obscene" publications as garbage—subject to collection by department of sanitation trucks—unless distributors withdraw the literature from New York newsstands.

A blackboard panel covered with what he termed "filthy" magazines at his side, the mayor yesterday spoke a strong warning to a group of publishers, distributors and dealers.

"I don't care how big you are, you are not going to distribute filthy and smut in New York, at least not for the next 18 months (when his term of office expires)," the mayor declared.

He listed 42 unwanted magazines, 34 of which he classified as "filthy."

The list was made up principally of detective, confession and love story magazines.

LaGuardia said no censorship was intended, but asserted that "the constitutional provisions for a free press are not applicable to plain filth and smut."

Accusing the mayor of "taking a detour around the orderly processes of law," Quincy Howe, chairman of the National Council of Freedom from Censorship, threatened court action "in any case where authority has been misused."

The mayor instructed Sanitation Commissioner William F. Carey to be prepared, if necessary, to send rubbish trucks for objectionable printed matter.

## F.D.R. Hails Dutchess County Radio Station

Hyde Park, N. Y., Aug. 20 (AP)—President Roosevelt last night welcomed the only radio station in his home county—WKIP of Poughkeepsie—to the air waves as "a cultural adjunct to the community."

Speaking over the single station, in contrast to the nationwide chains on which his voice usually is heard, the President said:

"Today, to all that has gone before to enlarge and enrich and broaden our life, is added this new station."

"I like to think of this station as a cultural adjunct to the community that it serves on both sides of the river—not merely as an instrumentality to make money but as a vehicle through which emphasis can be placed on the things that count, things that count most in elevating and ennobling the common life."

The station, operated by the Poughkeepsie Broadcasting Corporation at the Dutchess county seat, was dedicated last June. The President was to have made a talk then but had to cancel it.

## Play About Art Is Next Scheduled For Elwyn Group

This Thursday the play being produced under Robert Elwyn's direction at the Woodstock Playhouse, "The Late Christopher Bean," by Sidney Howard, is one that is appropriate to an art colony as it deals with the art world.

The play deals with the posthumous success of the artist, Christopher Bean, the scavenger who attempt to gain by his sudden recognition, and a family completely upset when they realize the value of the works of the man whom they and especially their maid, Abby, befriended.

One perplexing situation arises out of another due to the mistaken identity of a bogus art dealer, and the aggressive persuasion of an authentic but somewhat unscrupulous dealer.

Houston Richards who has appeared once before this summer at the Playhouse in "See My Lawyer," will play the father of the family, Dr. Haggitt. Marcella Powers, the Brigid in the last play, "Shadow and Substance," plays his daughter, Susan. Regular members of the Woodstock Playhouse company included in the cast are: Donna Earl, who plays Abby, the maid, about whom the whole play revolves. Constance Clark plays the mother, and Charlotte Fitch is the other daughter.

The three men of the art world are played by Herschel Bentley, Ivan Triesault, and Arthur E. Gould-Porter, and the young artist in love with Susan Haggitt is played by Peter Adams.

The comedy by the late Sidney Howard has a serious theme in so far as the belated recognition of Christopher Bean is concerned but the effect on the Haggitt family when a fortune is forever getting just beyond their grasp make for an ample amount of hilarious comedy.

Recent authorities of nausea resulting from prolonged automobile riding have led some authorities to believe that frequently such car sickness results from ocular fatigue.

## Aged Ellenville Jeweler Has Curio Shop Display

### Stephen P. Mance Collects All Types of Trinkets for Small Shop in Village

Ellenville, Aug. 20.—A virtual curio museum is the tiny, Canal street shop of Stephen D. Mance, 80-year-old Ellenville jeweler and watch expert.

Casual visitors stroll into the store any time of day—and are always welcome—to see anything from a Siamese ox horn to a petrified snail.

"I've been in this shop for the last 40 years," said Mr. Mance yesterday, "and have picked up quite a few oddities here and there."

Included in his haphazard collection are hundreds of antique coins, Civil War muskets, arrow heads, powder horns, old watches and clocks, fire helmets, trap drums and other miscellaneous curiosities.

His coins have not been classified—they just lie in jumbled heaps—but he said one of the oldest is a 1779 silver dollar. Others are 1828 "half pennies" and nickels, dimes and quarters of ancient vintage.

Besides the coins he has several 10, 25 and 50-cent "shin plasters" issued many years ago.

Mr. Mance is a firm believer in standard time and a half-dozen or more clocks in various nooks of the shop agree with him.

Lot of Foolishness  
"I don't take much stock in that daylight time," he explained, "it's just a lot of foolishness that was started years ago."

A gray-haired man whose blue eyes twinkle from behind shell-rimmed glasses, he has a keen wit and affable personality which have won him countless friends.

His sense of humor is typified by one of the objects in his front window display—a cast iron replica of a human hand, laying among arrow heads and muskets.

Some gullible persons are said to believe that it is a "petrified hand" which was "probably hacked off an early settler by Indians."

Born near Cragmoor November 15, 1859, son of Joseph and Roda Carpenter Mance, he came to Ellenville when he was about 10. For 12 years he worked with J. A. Whittaker at the old Terwilliger house. Later he was employed at local and Walden knife factories, after which he went to New York where he ran a watch repair shop on Third avenue, between East 23rd and East 24th streets.

After a few years in the metropolis he yearned for the tranquility of the Rondout valley and returned to Ellenville where he opened a shop almost opposite his present location. His store adjoined a livery stable near the site of the present Home National Bank.

In 1891 he married Miss Mary Shauap of Ellenville. They have one son, Gordon E. Mance, graduate of Columbia, who was formerly associated with Mr. Mance.

STEPHEN D. MANCE

as an optometrist and now in business for himself upstate.

### Plays Trap Drums

A skilled trap drummer years ago, he was one of the original members of Clayton's Military Band and has an interesting collection of photographs of that organization.

He joined the Scoresby fire company July 5, 1898, and after years of faithful service was given a life membership badge which he proudly wears today.

A staunch Republican, he doesn't think much of the Roosevelt administration.

"I think Wendell Willkie will be our next President," he said. "He seems to be a level-headed business man with plenty of common sense."

In discussing politics he pointed to an old torch which he carried in Republican parades as far back as 1880.

Besides the Scoresby Hose, Hook and Ladder Company, he has long been associated with the Knights of Pythias and Ellenville Methodist Church.

### Safety Stressed

Chicago, Aug. 20.—In time of national emergency an accident is unintentional sabotage, the National Safety Council declared today in announcing that its 1940 National Safety Congress will be devoted to mobilizing the forces of safety for the nation's defense program. With "Safety for National Defense" as the keynote, the Congress—the biggest safety meeting in the world—will be held October 7 to 11 in the Stevens Hotel, Chicago, the seventh time it has been held in this city.

## Judge Adjourns Court for Term

### No Cases Are Found Ready at Opening Yesterday

Judge Andrew J. Cook called county court to order at 2 o'clock Monday, but two cases which it was expected would go on trial when court was recessed July 8 could not be tried because of the illness of Attorney Chris J. Flanagan.

Judge Cook said that he had planned to have an out-of-county judge present for trial of the cases, inasmuch as he had been interested in them as an attorney. There being no further business the jury, a holdover from the June term, was discharged and court was adjourned for the term.

The September term of county court will be called to order Monday, September 9, at 2 p. m.

Want to heat your home better... at lower cost?

...TURN TO

THE G-E OIL FURNACE will pare down your heating costs!

The new G-E Oil Furnace eliminates two big causes of heating waste. It burns oil in a different way—the G-E way that "wrings out" the last unit of practical heat. It "traps" much of the extra heat which is usually lost. No wonder owners report savings of from 25% to 50%.

You too can get a substantial saving on fuel bills. In addition, have hot water summer and winter—automatically, for a few cents a day.

If you want to save money on heating, come in and see us today.
